NUMBER 27

Jones County Dairy Plant Starts Operating May 20

The Jones County Dairy Co-operative, plant for the processing of cheese, started September 5, 1941, is beginning to be a reality. Today we are nearing the completion of a \$10,000 building, boasting we say one of Anson's finest. \$16,000 worth of equipment is stored and in transit to be installed in this plant for the manufacturing of cheese.

This Co-operative is a Jones Co. organization, formed jointly by the farmers and business men, though we plan to include and serve the several adjoining counties with this one plant. The Co-operative has 300 customers with 1,500 cows contracted, and these customers will sell milk from at least 2,500 cows. Seventy-five business men of the county are preferred stockholders in the organization.

We are financed by the Houston Bank for Co-operatives at Houston, Texas.

Plans are to begin operations May 20, 1942. When the processing of milk into cheese is started, approximately 5,000 gallons of milk will be

used daily. For which the patrons will in turn receive daily about \$700.00, this will naturally be spent at the patrons' customary trading places. It is estimated the sale of whole milk brings a profit of \$20.00 more per cow each year than cream sales. With the 1,500 cows already contracted, Jones County will have \$30,000.00 more money on milk sales to spend. Is this a paying business or not?

Milk routes are being mapped with trucks to cover the entire county and no patron is asked to deliver their milk to the plant.

When processing begins we will be concerned only with the making of cheese for wholesale trade. The Kraft Cheese Co. has contracted for our entire output to be shipped weekly to their curing plants.

Due to the war and priority ratings, we cannot install the cold storage lockers, nor can we secure churns for handling cream.

To those people interested in the selling of milk, and to our patrons it is our aim to give you courteous, agreeable service daily.

Band and Choral Club In Annual Concert Tuesday Night

The Hamlin High School Band and Choral Club, under the direction of Webb D. Jenkins, will present their first annual spring concert on Tuesday, May 12, at 8:45 P. M. at the High school auditorium.

The Band contest at Abilene was called off this year due to transportation and cost involved so Mr. Jenkins has arranged a program for local folk in place of the contest event.

Although the program is free, a representative of the Post Office will be at the door to sell war stamps. The buying of a war stamp is not compulsory in order to attend the concert, but we encourage everyone in Hamlin to attend and buy at least one stamp. Let's boost Hamlin's sale of war stamps.

The local organizations do not receive the money from the sale of war stamps, as it is the same as buying them at the Post Office.

We urge you to attend if you enjoy your band and want to help Uncle Sam.

Mrs. M. T. York returned Wednesday from Dallas where she had been nearly two weeks with her son, Marvin, who had been very sick. He accompanied her home, although very ill. Indications he will continue to improve, and will soon be able to return to his work in Dallas.

Mrs. Paul Wellbaum, formerly Miss Ethelan Harris, of Dallas, is spending a few days in the home of her parents, Mr. and Mrs. R. L. Harris.

Soldiers to Be Guests First Baptist Church Mother's Day Services

Last Sunday the members of the Hamlin Baptist Church voiced a desire to have as many of the Camp Barkeley soldiers as possible as special guests this week end and for Sunday's Mother's Day services.

118 reservations were promised. That is, various homes asked for from two to four soldiers to be their guests Saturday night and Sunday. At that time the transportation problem was not thought to be hard to solve. Since however, it has been learned that special buses can not be had out of Abilene, and the only way to get the soldiers into Hamlin is for those willing to use their own tires to go to the Camp and bring the boys over, and then carry them back Sunday afternoon. This will no doubt cut down the number to be entertained.

But we can safely say that many will furnish their cars and there will be a lot of soldiers in Hamlin Sunday, guests of the Baptist church and perhaps other churches. Individuals will go for them at the camp and thus honor them in every way possible.

Those looking after this form of showing some special favors towards the soldier man, plan an informal supper for the boys in a group late Saturday evening. This will be either in the basement of the church or at the Lake side.

Rev. East will bring a special Mother's Day service Sunday at eleven o'clock. Individual hosts will serve lunch to the soldier guests, in any manner they each may desire and entertain as occasions may dictate.

3,101 Sugar Books Registered In Hamlin

Last Monday and Tuesday, May 4th and 5th will hereafter be remembered as "Sugar Days" in Hamlin.

The government now has a bird's eye record of the people in every community, unless somebody did not or does not care about whether or not he gets any sugar.

3,101 books were handed out and that means a bigger population than was usually granted to Hamlin. This perhaps included some not within the city limits.

Taken as a whole, the jam of registrants came through the ordeal in a fair humor. Some fretted under the long wait when crowds piled into the auditorium. The arrangements for rest while waiting were ideal. The auditorium was used for line up, and each one was taken as per his position on the rows of seats.

Hamlin teachers worked hard and long, and patiently doing their first "war job."

BETTER REMEMBER THIS
This is something NEW for Americans. The Sugar Books do not tell all that the holders must do. From other sources the Herald gives you the following. You have 28 stamps numbered from 1 to 28. Only the merchant or clerk from whom you buy the sugar is permitted to tear out the stamps.

Stamp No. 1 entitles you to purchase ONE pound of sugar if it is torn out on or before May 16.

Stamp No. 2 may be used for ONE pound any time from May 17 to 30.

No. 3, May 31 to June 13.

No. 4, June 14 to June 27.

One is not compelled to use his stamps just because he has them. If one does not need the sugar during the time, don't worry. You can not get more than 2 pounds per month, and no stamp can be used after its date, as we understand it.

Expression of Thanks

We wish to express our deep appreciation to our many neighbors and friends who have been so thoughtful and kind to us since our home was destroyed by fire last Friday morning.

Mr. and Mrs. Charlie Belew

Grover T. Sipe, John Rimmer and W. H. Murphree left Tuesday for El Paso where they will carpenter on an army camp or something for soldiers.

Hamlin Women On Red Cross Honor Roll

The Herald has suggested that women who work in their local Red Cross rooms should be listed on the "honor rolls" of this nation.

We do not mean to say that a person deserves any special honor for doing his duty, especially in time of war. We do not encourage printing long lists of persons who have made "token contributions" to this and that, but after looking in on the Red Cross room, and seeing earnest looking housewives, some mothers who have sons on the battle fields, it prompts us to say that they are making personal sacrifices far beyond what many other women are doing, and therefore deserve extra expressions of thanks from their fellow citizens. So below we list the past week "honor roll" of workers.

Starting Thursday of last week, and ending this past Wednesday:

THURSDAY: Present, Mrs. W. L. Boyd, chairman
Mrs. O. K. Wilson
Mrs. F. B. Tucker
Mrs. L. B. Petty
Mrs. Frank Hall
Mrs. Clrile Whitehead
Mrs. C. F. Butcher
Mrs. W. H. Gilbert
Mrs. D. W. Parks
Miss Pearl Hudson

FRIDAY: Present, Mrs. C. F. Butcher, Chairman
Mrs. W. E. Crow
Mrs. F. M. Crow
Mrs. O. K. Wilson
Mrs. Fred Carpenter
Mrs. Melvin Grigg

MONDAY: Present, Mrs. Melvin Grigg, Chairman
Mrs. O. K. Wilson
Mrs. Fred Carpenter
Mrs. J. A. Kite
Mrs. D. W. Parks
Mrs. O. G. Harvey

TUESDAY: Present, Mrs. M. Y. Wilson, Chairman
Mrs. O. K. Wilson
Mrs. J. L. Altum
Mrs. W. E. Crow
Mrs. Kenneth Scott
Mrs. O. C. Newberry
Mrs. C. F. Butcher

WEDNESDAY: Present, Mrs. Ed Bailey, Chairman
Mrs. O. K. Wilson
Mrs. Dick Low
Mrs. L. E. Griffin
Mrs. D. O. Sauls
Mrs. V. V. Anderson
Miss Eleanor Temple
Mrs. J. D. Greenway
Mrs. P. D. Harkins
Mrs. Melvin Grigg
Mrs. C. F. Butcher

Fire Destroyed Home At Gen. Crude Station

The many friends of Mr. and Mrs. Charlie Belew and two children sympathize with them in the loss of their house and belongings at the General Crude Station last Friday morning about 2 o'clock.

Also heavy losers in the early morning fire, are Mrs. George Forrester and son, who were rooming at the Belew home. Everything, practically, that the two families had, was lost, and but a small amount of insurance.

Thursday of last week with the birthday of Mr. Belew and his parents came over from Abilene, and along with friends they enjoyed games and a home movie picture show, in the early hours and ate supper about ten o'clock. Following the going of the guests, Mrs. Belew spent a short time arranging things and retired late, and shortly members of the family were awakened by the roar of flames that quickly enveloped the entire house.

Lt. Leo Fielder made a "flying visit" over the home of his parents, Mr. and Mrs. L. E. Fielder, and then "swooped down" on Hamlin; along with two other fast war planes last Sunday. Three rip-roaring planes in formation dashed across Hamlin so quickly folks in their homes hardly got a glimpse of them before they dashed away. This was proof how quick things can happen when a town is bombed. Lt. Fielder is developing strong wings and his home nest will not hold him much longer. He is or was stationed at Oklahoma City.

Mrs. J. S. Dickey spent the week end in Lubbock visiting her daughter, Mrs. Harvey Austin.

Hamlin People Visited Relatives In The Ruins of Crowell

Since the terrible disaster at Crowell last week, when every thing was hurt so badly by the cyclone, several Hamlin people, especially some with relatives there, have visited that unfortunate city.

Carl Greenway, and his brother and sisters of Hamlin have a brother, Walter Greenway and wife in Crowell who lost everything they had and were cut and bruised. He is a one-armed man and even his artificial limb was lost in the storm. Mr. Greenway went up there Friday of last week and Miss Lennie Greenway and sisters, Mrs. Goedke and Mrs. W. D. Ross of Abilene went Sunday. They report a terrible situation, even that late in Crowell. They said that then there were about 300 persons who had to sleep in the public school buildings, and bedding, blankets, etc., were sent up from Austin. Besides long line of bedrabbled people were being fed by the Red Cross and other organizations. They say it is hardly believable what can be seen in that torn up town. Sunday there perhaps were 5,000 cars trying to weave their way among the broken and belittered streets, just sight-seeing. People stand about the ruins of their homes in a dazed manner, and many exist in bewilderment.

It would seem that conditions in Crowell must be well in hand and they are being helped as far as possible. From all quarters, boxes and supplies have been sent, some credited to local Red Cross, some just delivered without credit. Several boxes were sent in from Hamlin.

Victory Book Campaign Making Some Progress

152 more books have been turned in to the County Chairman on the Victory book collection in this community. This gives us a total of 262 books as 110 were turned in around the first of April. Our quota is 700.

We urge you to make your contribution NOW—and let it be a book that you yourself have enjoyed reading.

We would like very much to finish up this campaign by May 15th; so if you have a plan to secure this quota, please tell the local chairman about it.

Bring your books to the Book Shop or to the Red Cross room.

Saws and scissors sharpened by old time expert at

Dr. Fred Hudson Made Impressive Health Talk

The Red Cross Home Nursing class was fortunate in having Dr. Fred Hudson of the Stamford Sanitarium as guest speaker on Tuesday afternoon. Dr. Hudson gave a stirring address on the importance of our realization that a war is going on, one that is more serious and probably more prolonged and more inhumane than ever before in the history of our nation.

He lamented the fact that we as a nation were not realizing the dire necessity of conservation in food, tires, living expenses and pleasures, and the emphasized the value of courses being offered, and he stressed how worthwhile it was for us to spend time and effort in becoming prepared to help during this great National Emergency.

Our armed forces are calling for doctors and nurses, and of course we will feel the great shortage. The best thing that we can do to help the situation is to keep physically fit. Deficiency diseases can be prevented or corrected through proper diet.

Communicable diseases can be controlled through immunization, isolation and quarantine. Today, with our anti-toxins, toxoids and many vaccinations, careless and indifference on the part of the parent are our chief causes of so many of children's communicable diseases. After the 9th month, a baby should be given diphtheria toxoid, and this should be followed in 6 months by the Schick test, to make certain the immunization was acquired.

Teeth have a great effect on one's physical health. Bad teeth are a source of more physical trouble than we realize. Affected teeth can cause rheumatism, nervousness, gall bladder disorders, and even ulcerated stomach, so it is important to keep clean teeth and have a check-up often.

Dr. Hudson's talk was so impressive and so vital to the class that we regret that our entire community could not attend and take the message home to himself.

To Work Cemetery

The Herald is requested to say that there will be a working of the Cemetery at Neinda Saturday, May 9. If you are interested be there on time with tools and a will to work.

The Committee
J. E. Lords, who works on the Houston Post, was here last week visiting his sister, Mrs. J. W. Wendel.

Communications—

"Dear Mr. Pope:

"I read in the Hamlin Herald not so long ago that the graveyard thief was still at large and still operating. I was so in hopes they would skip my Mother's and Father's rose bushes and other flowers but I have learned through a friend in Hamlin that the thief was still at work and had taken them. I hated so much for them to be stolen as I can't be there to replace them. I am living in Hobbs for the duration, taking the place of Foy who is in the Philippines. I am working so that his business will still be here when he returns.

"I am wondering if the rosebush thief, or should I call him a ghoul? can enjoy the ill gotten plants when he knows that boys such as Foy must leave their homes, loved ones and friends to protect and maintain the freedom of such as he? I doubt that he has a conscience any more than Hitler has, but should he have

one I think it should force him to return the plants and make public apologies to those of us who have friends and loved ones buried in the East Cemetery. Such a person would be the Quisling of Hamlin, if the opportunity ever presented itself to him. The day of his early demise should be a fortunate day for Hamlin."

Very truly yours,
Mrs. L. B. Pribble,
Hobbs, New Mexico
—T & T—

Sgt. O. D. Conner, one of Hamlin's oldest regular army men, writes from the Enemy Alien Internment Camp, at Florence, Arizona, telling the Herald "find one dollar. Please send me the Herald so that I can keep in touch with everything happening in Hamlin.

"I am out here in the desert in what is commonly called 'God's Country.' Don't mind it a bit. In fact I am beginning to enjoy it out here. Every one has been very nice to the boys and have tried to show them a good time.

"At present we have no prisoners here but can never tell when they will arrive. I have an idea our work will then indeed begin.

Respectfully yours,
Sgt. O. D. Conner
Hq. Enemy Alien Internment Camp
Florence, Arizona
—T & T—
712 Hodges Street
Lake Charles, La.

Mr. Pope:

I want the Hamlin Herald sent to me at address on heading of this letter. The best I remember it is \$1.00 per year. Any way, I am send-

ing a dollar so send it to me till the funds run out.

How's dear ole Hamlin by now? I'd sure like to see her now but I guess it will be next Christmas before I get a chance to come home. Our leaves have been cut down to not more than one day at a time. There are three other Hamlin boys here. They are Paul Hudson, A. L. Hudson, Jr., and J. T. Sipes. We see each other every once in a while and that helps a lot to see some one from home. If you know of any one ever coming down this way tell them to drop by to see us. The fishing is really good!

I'm getting anxious to read some Hamlin news.

As ever,
Mr. and Mrs. Raymond R. Elkins
—T & T—

Three Cheers—

Madagascar Safe—

The most heartening news this week was that the English have occupied the French island of Madagascar, that great link of territory just east of Africa, 360 miles wide and 1000 miles long, containing nearly four million people.

American people have become increasingly uneasy about this strategic island falling into the hands of Japan and later to Germany. This is not all we are uneasy about. There is Dakar on the western elbow of Africa, sticking out towards the United States. This must sooner or later be taken by England and the United States. It is a sore spot that could do us a lot of harm, if Germany makes it a base. All French outlying lands should be taken in "protective custody" which means by the consent of England and the United States who guarantee to return it to a free France when all danger is past.

Another Loss

Another Silence—

Men of Bataan, American boys:

Soldiers of Corregidor and American women, angels of mercy, as the shadows of defeat come once more over you and once more a stronghold of the Democracies now lies silent, we in your beloved homelands have not forgotten our hopes and prayers for your success, for your safety in this the latest heroic stand for freedom since the sad days of our Texas Alamo. Heroes and heroines, all.

Men of Corregidor, and faithful women of mercy, whether you be alive and living in humiliation and suffering or whether God has taken you in solemn death before the hour when your comrades were forced to stop the struggle, we in your homelands raise our heads in proud praise of all that you did and stood for. What you may have suffered, what you perhaps must now suffer, all summed up gives all men and women who love freedom and justice a new ideal to spur them on to bring a world victory that you in your meager numbers were unable to secure.

The increasing silence of Bataan and Corregidor will pound at the hearts of all Americans, the world around, till the Japs pay a thousand fold for all that you have suffered. In our humblest manner we salute you as this sad news reaches our shores.

Boys of Bataan and Corregidor, several of you were our own Hamlin fellows, known by most of us since your babyhood. We all sympathize with your parents, and with them we shall continue to hope that by some merciful means of Providence all of you will be able to endure till our day of victory and peace shall be rung out again around the world.

—T & T—

Here's a Good Idea—

We believe in upholding a good idea when anybody advances it.

For example, Congressman Vinson of Georgia, of the House Naval committee, wants to "democratize" the Army and Navy. Meaning by that so says the congressman, that men who are appointed to be educated in the Army's West Point or the Navy's Annapolis, to become officers after graduation, should first be trained in the ranks as buck privates for a period of about one year.

That's a good idea, and should have been advanced years ago.

The pre-service would be a kind of examination, leading to promotion as student-officers in those educational plants. Here is what Mr. Vinson says about it. Read it.

"That would give the army and navy opportunity to determine the fitness of their officer-candidates, and the aptitude of the appointees for life aboard ship or at a military post.

"And," he added, "it would give them an insight and understanding into the problems of the men in the

ranks which would prove of immense value in their later posts of command."

Vinson endorsed a move to wipe out "quickie" commissions in the army—those granted to persons without military training—and suggested its extension to the navy and marine corps.

"There's no reason in the world," he argued, "why the army or navy should take some person from civilian life and give him a commission just because he has some influence, and then, for instance, stick him down in the press section to write publicity releases.

"Even if they do need men for the work, let 'em come up the hard way and earn their ranks and they'll be better qualified for the jobs by having had the training."

Public sentiment is the strongest force in America today. Public sentiment is against "influence" in army or navy. Certainly in time of war more officers are needed, but it is not good sense to pick out some and boost them as officers over men who have already learned what is needed in the ranks.

Support of Vinson's plan was brewing privately . . . many members of congress are against the ever increasing requests from back home that they use their "influence" to obtain commissions for sons of influential constituents.

It is not a secret that many so-called "influential men" would not mind it so badly for their sons to get into the armed service of their nation provided the son can be a big somebody, hold some easy job, be called by some title other than "private." We say God bless the private for he is the one after all who does the job. Influence, pull, politics and religion have no place in the job America has before it. We have had too much of that in the past and the best statesmen will look ahead on many lines as this war storm passes.

Some people drift with the wind, the stream, knowingly, some do the same and not know it, while there are a few who are forever butting something that is not going in the right direction. What do you think?

—T & T—

Tire Regulations

Amendment Notice

On and after June 1, 1942, a board may not issue a certificate for a new or retreaded tire to an applicant who seeks to replace a tire carcass which cannot be retreaded unless the applicant can establish to the satisfaction of the board that the carcass became unusable from circumstances not resulting from the applicant's abuse or neglect. Granting or denial of a certificate under those conditions will be at the discretion of the board with regard to the loss which the community will suffer if the applicant is denied tires. Where the community would suffer no serious loss if the applicant were denied tires, because other persons can provide the same service, or for other reasons, the Board may refuse to grant tires to replace such damaged tires.

Persons guilty of abuse or negligence in care of their tires may be denied certificates even though they are otherwise eligible.

The above article is from the office of the Texas Rationing Administrator, Box K, Capitol Station, Austin, Texas.

Jones County Rationing Board

Report For Month of April, 1942

Certificates were issued to the following to purchase new automobiles: John F. Green, Hamlin; J. E. Johnson, Hamlin; Wm. A. Carter Hawley; L. C. Dennis, Stamford City of Stamford, Stamford; Waple Platter Gro., Stamford.

Application from R. L. Thane Avoca, for new automobile was refused for failure to establish classification.

Passenger tires or tubes were issued to: Dr. J. C. Duff, Anson; Dr. N. F. McDonald, Stamford; Jo Culbertson, Hamlin; Seth W. Lawrence, Anson; Bill Dunwoody, Anson; Dr. E. P. Bunkley, Stamford Clara Bessie Brown, Anson.

Clipping of Men's

Trousers For War

Mrs. C. F. Butcher of Hamlin and her committee will begin gathering of wool clips from tailor shops and clothing stores of Hamlin within the next two or three weeks.

Office of emergency management gives this evaluation of the project: "Did it seem a trifling thing to you when WPB took the cuffs from the men's trousers to save wool? In total war there are no trifles. Cuffs average about 2 per cent of the total cloth in a man's suit.

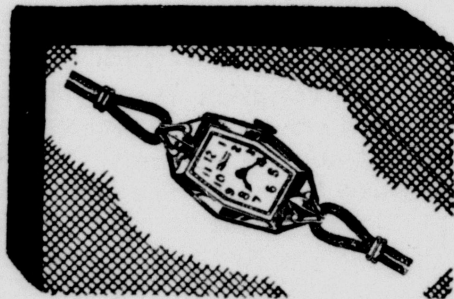

"Or put the saving in terms of uniforms. There's about 5.18 pounds of wool in a soldier's uniform, and about 24 one-hundredths of a pound in a pair of trouser cuffs. Nine pairs would give material for an average Army coat. Twenty-one pair, then, and you have a soldier's uniform."

Clips gathered by Mrs. Butcher and her committee will be shipped from chapter production room in Stamford to designated mills for re-producing and funds of Red Cross will be increased by the national wool conservation program. Accumulated clips will be collected at regular intervals throughout the year.

Jones County Food For Victory

A group of 16 women met from 10 A. M. to 4 P. M. Friday, May 1, in the home of Mrs. Herman Cox. 12 pressure cookers were checked by Lee Ann Williams, Farm Security Home Supervisor. The only way to know your cooker gauge is registering correctly is to have it tested. It is our patriotic duty not to lose even one quart of food.

Miss Williams demonstrated the hot water bath method of canning fruits and tomatoes which is the only method to conserve all the vitamin C possible.

The preparation of canned foods were demonstrated using canned peaches, combined with raw carrots, cabbage, and cooked dressing as a salad. Canned corn was made into corn a la King. Ginger bread, using molasses instead of sugar was prepared at noon. The women ate whole wheat yeast rolls and got the recipe. Every person should eat whole wheat bread at least once a day and enriched flour the rest of the time for vitamin B, which helps steady one's nerves.

Victory Pledge Popular

Requests for 153,500 Victory demonstrator's pledge cards have already been filled by the A. & M. College Extension Service, and 50,000 more are being printed to fill additional orders. This includes 3,500 printed in Spanish for Latin American people pledging their co-operation to the war effort. "The City Demonstration is a war-time program, encouraged by the Extension Service," according to Extension Director H. H. Williamson. "Texans made it for Texas. The Victory Demonstration has an appeal—a patriotic appeal, and while it was planned primarily for country people, I find urban people like it too. It points the way for every

red-blooded American who wants to help win the war on the home front."

Small red, white and blue lapel buttons are being worn by several thousand Victory Demonstrators in the state. Orders in the last month aggregated 4,350.

Here is the text of the pledge: "As a Victory Demonstrator doing my best to help win the war, I will produce food, feed, and fiber to assure good health for myself, my family, and others. I will take good care of everything I use—food, clothes, furnishings, equipment, machinery, buildings, livestock and the soil as well as scarce articles such as rubber and metals.

"I will buy carefully anything I must have and I will buy U. S. War Stamps or bonds with all the money I can.

"I will work hard with my family and neighbors and help people to be cheerful, to have courage and to take part in all war activities."

500 Victory Demonstrator pledges have been signed in Jones County. 1,000 Victory buttons have been ordered for those who have signed a pledge to wear.

M. Y. Wilson, of the Aviation service, returned home, Tuesday, for a visit with his mother, Mrs. M. Y. Wilson. M. Y. is recuperating from an operation which he recently underwent in the Army Station Hospital in Leavenworth, Kansas.

Mrs. J. E. Watson of Borger is visiting her mother, Mrs. C. W. Hooper and brother Harrison Hooper.

J. E. Moody attended the Cotton Seed Crushers Association in Houston this week.

An optimist is a man who marries his secretary, thinking he'll be able to keep on dictating to her.

Tom Teague was called to Nocona last Friday by the serious illness of his brother, Dudley T. Teague, who died that afternoon. He was 53 years of age and had been in ill health about a month.

Miss Katherine Drake returned Tuesday from a visit with relatives in Brownwood, Eastland, Cisco and Sedwick.

Miss Nita Tidwell left Saturday for Grand Prairie to join her mother, Mrs. Mitt Tidwell, who recently moved from Hamlin to Grand Prairie to make her home.

C. L. Dillard, son of Mr. and Mrs. Ross Dillard, is here from Camp Roberts, California, spending an 18 day furlough with his parents and other relatives.

Perhaps no entertainment is so cheap as reading, nor any pleasure so lasting.

A pedestrian has been described as a man with a wife, two sons and a daughter, and one car.

YOUR CAR

How to Get the
MOST out of It

TIPS ON DRIVING

Have you signed up with a new set of driving habits for the duration? Like defense bonds they pay interest, but it is interest many times compounded. You may only be thinking of saving tires, but more careful operation of your car also means less gas and oil used, less wear on mechanical parts, less likelihood of accidents, injuries and replacement of hard-to-get parts. Here are some suggestions that other experienced drivers have found effective:

Depress the clutch pedal while starting the engine. Then the battery isn't given the extra job of turning the transmission gears.

Don't race the motor during the warm-up period. By taking it easy at first you save gas and give the oil a chance to get to work.

Use the hand choke (if you have one) sparingly. Improper use wastes gas and may cause serious dilution of oil in the crankcase.

Shift gears at the lowest practical speed. Low gear is needed principally to overcome starting inertia. Shift to high between 15 and 25 miles an hour. Remember: you pay for a jack-rabbit start in tire and clutch wear and extra gas used—and the fellow you outdistance usually pulls up beside you at the next traffic light.

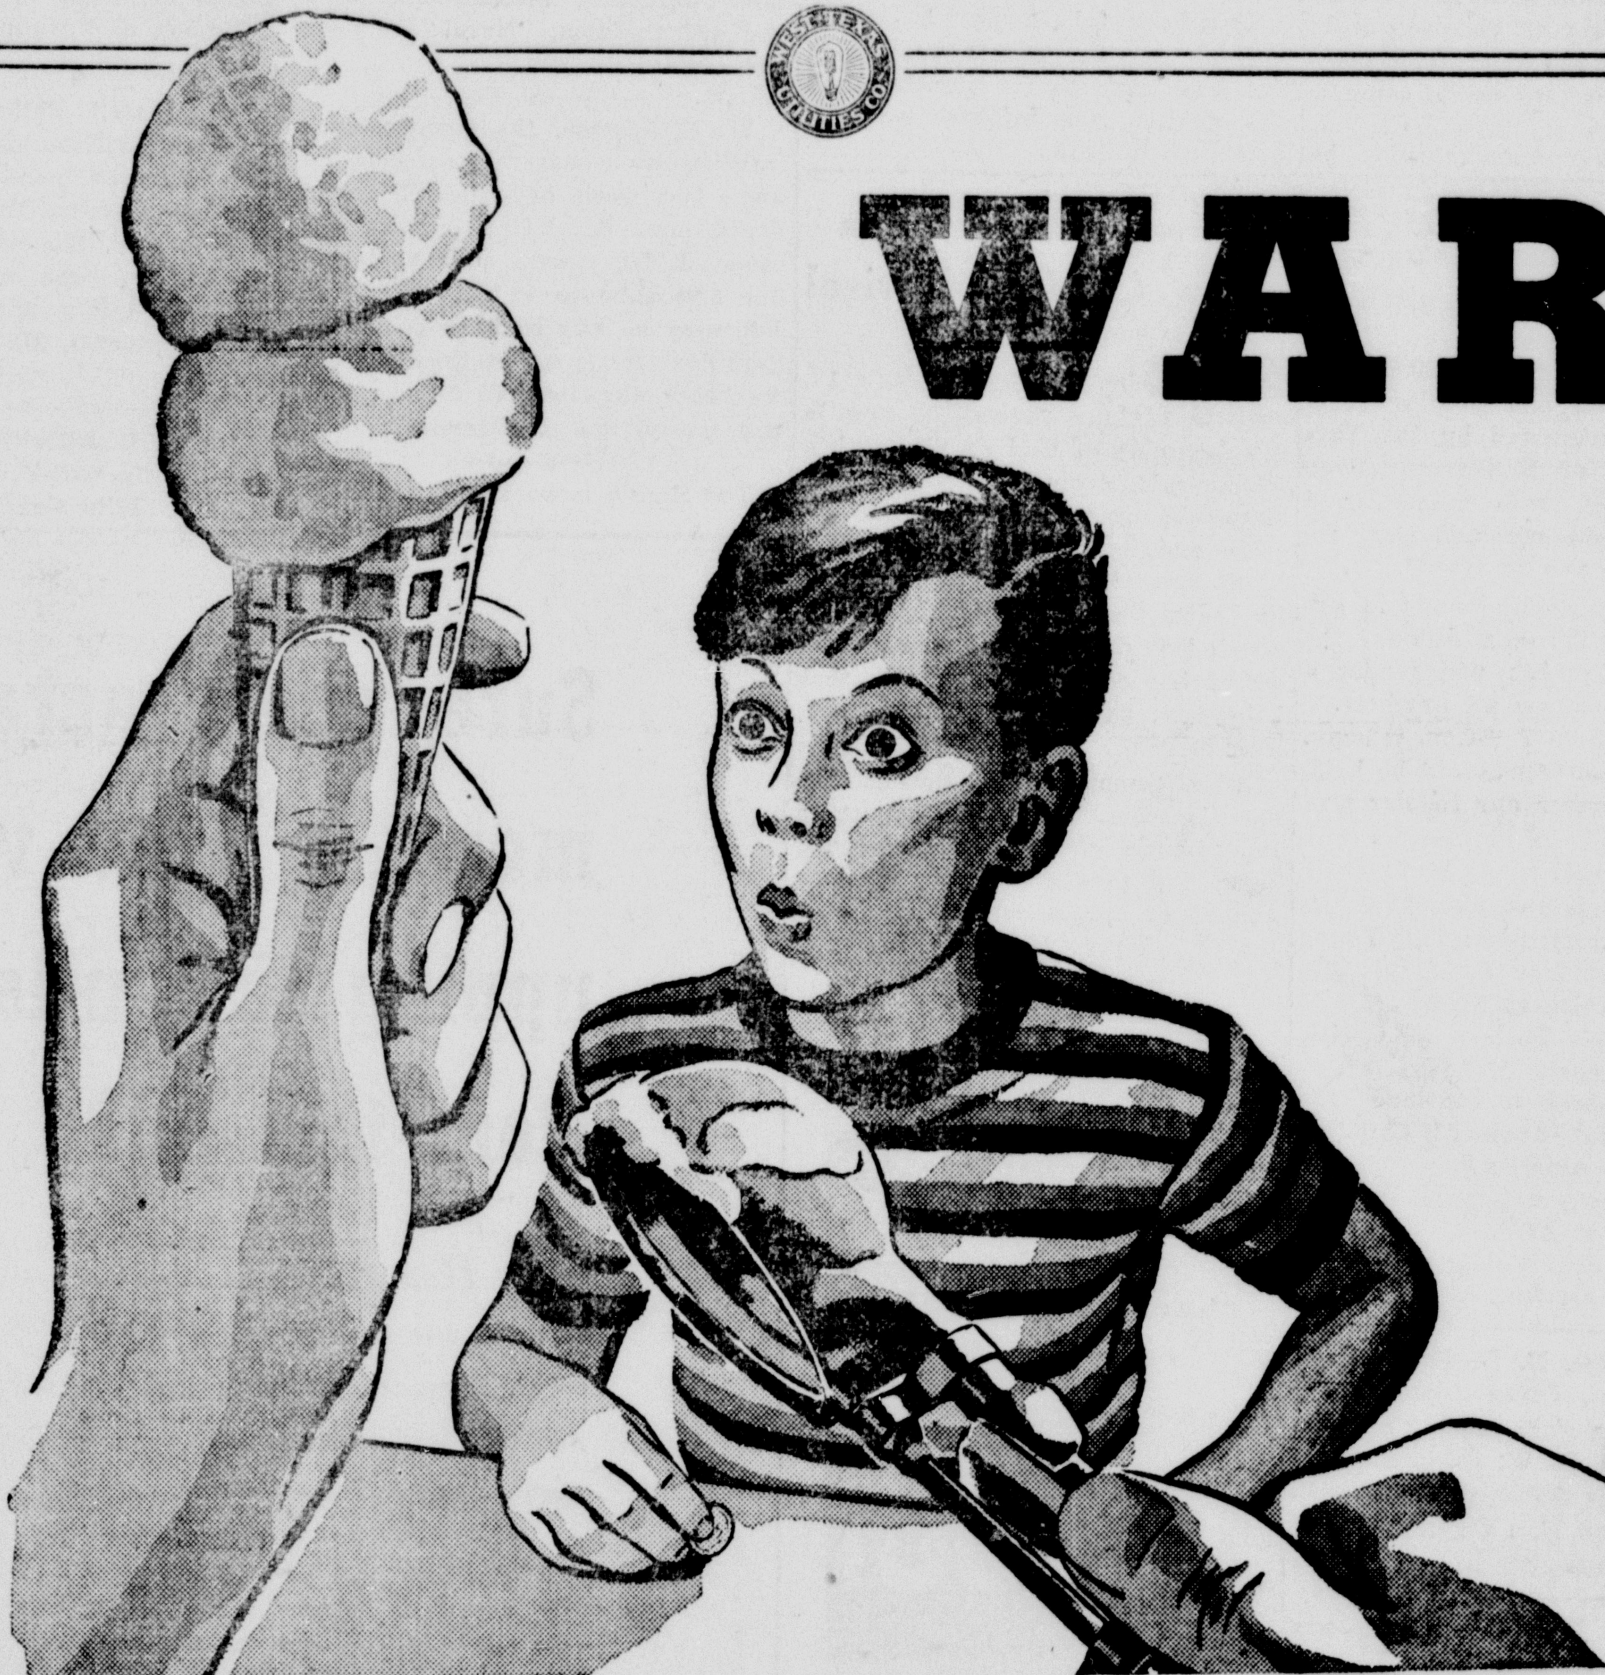

Note: This is the second in a series of articles based on the book, *Automobile User's Guide*, published by the Customer Research staff of General Motors. Next article: *More About Driving*.

Mr. and Mrs. Claude Owens of Petersburg, were visiting in the home of their parents, Mr. and Mrs. Geo. Nicholson. Mrs. Owens was before her marriage Miss Lucile Nicholson.

Mr. and Mrs. R. D. Moore, accompanied by Mr. and Mrs. Ray Willingham, of Rule, left Monday, for Pensacola, Florida, to visit Ray Willingham Jr., who is in the naval air station.

Notice the date after your name.

Tell The Herald your news.

...after 10 years of something for nothing!

JIMMIE, too young to know about the newfangled theories of the past 10 years wherein you get something for nothing, is simply amazed at getting even double for his money.

A double-decker brings a "Gee-Whiz!" and bulging eyes.

And Jimmie is right. The war is disproving all the socialistic theories of the last decade. The country is paying in blood for the sweat and toil it failed to expend in honest work during a period when political boondoggling and perpetual e-motion substituted for labor to make our nation strong and virile.

The awakening is painful.

Today we are straining every ounce of energy in the wartime effort while proving the old theories wrong . . . working night and day to get something for anything! Today we know that PRODUCTION, not reduction, makes a people strong, a nation free.

We are paying dearly for producing too little, too late!

We will win, of course.

No other country can compare with America's potential war production. No other has the men, the machines—or the electric power.

America's electric companies, under trained and experienced business men, are supplying power for the vast wartime industries where it's needed when it's needed . . . a supply that is greater than the combined total of all the enemy nations.

While most everything else has gone up, electric rates remain the lowest in history.

In fact, like Jimmie, you are getting a double-decker . . . double for your money. The average price of electric service today is about half of what it was just 15 years ago.

It's true, maybe, that your bill hasn't been cut in half.

The answer is, of course, that you use more and better lights, more new and useful appliances.

But right now for two nickels a day a majority of West Texas homes operate lights, radio, cleaner, toaster, washer and refrigerator.

No, you don't get "something for nothing." But the electric nickel buys just about the world's biggest double-decker!

Company**

INVEST IN AMERICA! Buy War Bonds and Stamps!

The Healthful Home

By Mrs. Hubert Morton

(This is one of three articles on the "Healthful Home")

Home is the place where all the battles will be won, where freedom will be born anew in travail and selfishness will die in a lonely bed, where courage will be pieced together out of old materials and sacrifice will come not as a stranger but as an honored guest whose worth is recognized. Home is the place where every American must understand the importance of husbanding energy, building health and strength—strength of body, mind, and spirit against whatever lies in wait. The healthful home will be welded into a co-operative entity—a working entity.

A fine house containing all modern improvements may be pleasing to the eye, but it must be remembered that a house with all the modern improvements in the world will not spell "home" in the true sense of the word unless the pilot that guides the machinery of that house is a homemaker of the best kind, and sees to it that in all her efforts practical experience and true efficiency abound.

The healthful home must have wholesome family relationships. This may be maintained by sharing responsibilities with the children and giving them a sense of importance. Too, privacy should be provided for each member of the family—a place where one may be alone and feel that one's personal possessions are safe. Perhaps each child should take care of his room or be given some specific jobs in the home. This makes for sane and responsible character development.

Certainly your home should be

clean and orderly kept but not to the extent that the family will feel cramped. Don't nag father if he drops ashes on your best rug or quarrel at the children if by accident your new table cloth is soiled. Let your home be a place where the family can relax and be themselves. Let your home be liveable and open it to the friends of your children.

Live closer to the outdoors by "opening up" windows and doors. Light and sunshine are essential to good health. Give your rooms sunshine every sunny day of the year. Above all, don't close out fresh air when you retire. More colds are developed in closed rooms than open ones.

Serve your family healthful meals of green vegetables, fruits and milk. The smart homemaker will study in order to know how to plan well-balanced meals for her family.

The healthful home will be free from pests, as flies and cockroaches. These pests carry filth or disease germs from manure piles, garbage cans or privy vaults to milk, baby's bottle, food and you. Let's keep our yards and alleys clean to guard against diseases.

Once more we should make our homes recreational centers for ourselves and our children. Organize our homes so that they will offer all of us, parents and youngsters alike, more fun than we can find anywhere else.

The healthful home is worth working for. The sooner we provide this kind of home for ourselves and our children, the brighter will be America's outlook.

High School Graduates For Pilot Training

The Navy Department has recently revised the age and educational requirements for Naval Aviation Cadets, Class V-5, to include high school graduates who are physically fit, single, and 18 to 27 years of age. C. L. Wylie, Abilene Navy Recruiting Officer, announced.

Successful applicants will receive their primary flight training at Grand Prairie and advanced training at Corpus Christi. Those who complete the primary and advanced training are commissioned Ensigns in the Naval Reserve and receive \$245.00 per month, including flight pay.

Wylie advises interested applicants to secure a transcript of their high school work, three letters of recommendation, their birth certificate, a note from either parent, consenting to their enlistment, if they are under 21 years of age, and apply at the Navy Recruiting Station, located in the basement of the Post Office Building, Abilene.

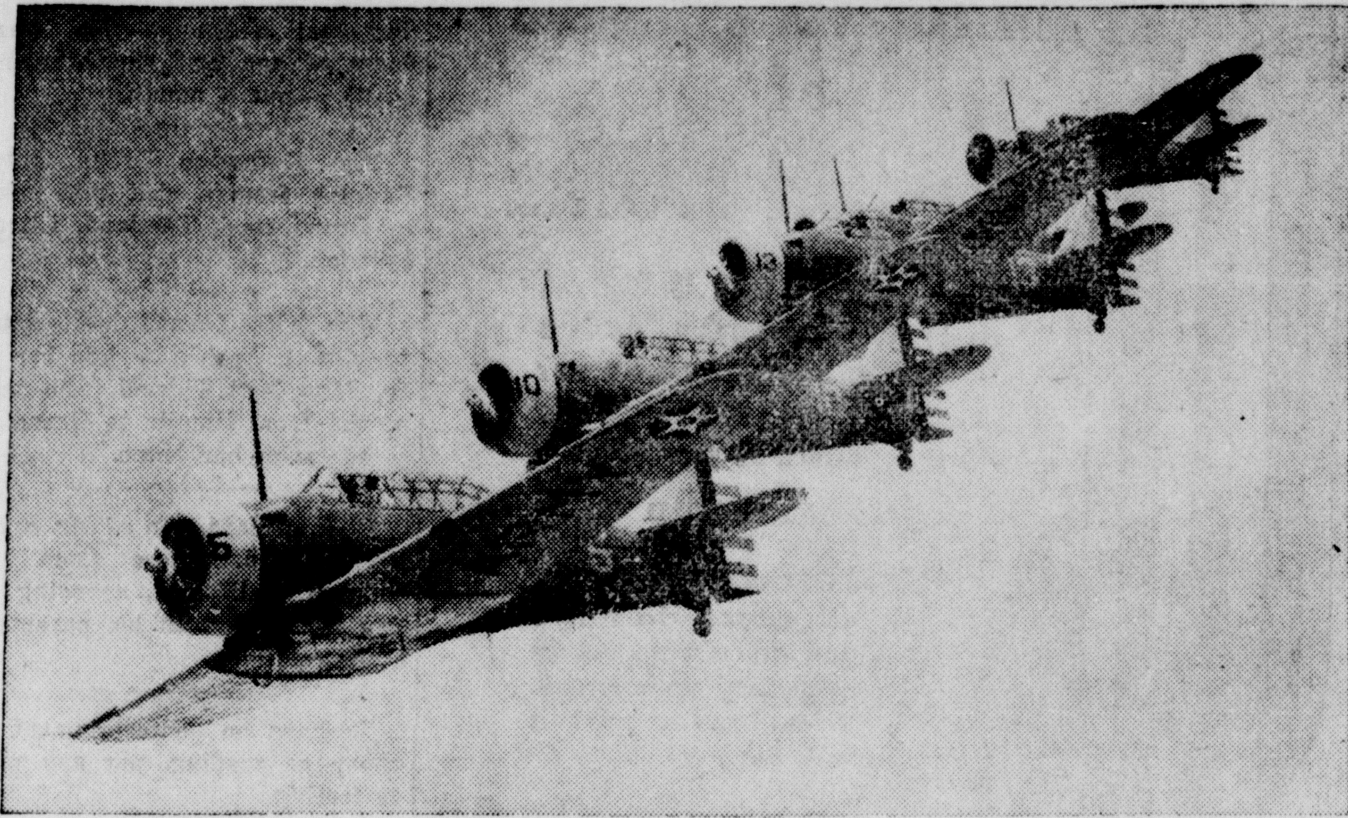

In planning the future, the young man of today finds many opportunities awaiting him. Wylie points out that the bright future of aviation is assured; there is a need for pilots, technicians, engineers and specialists in the aviation industry. The United States Navy offers the finest aviation training in preparation for such careers.

For those not interested in pilot training, Wylie advises that they investigate the opportunities offered in Class V-2, for training as aviation machinists, metalsmiths, radio and ordnancemen. Naval Aviation has a place for you.

W. F. Johnson, the pioneer truck transportation man was operated upon last week in the Stamford Sanitarium. His left eye ball was removed. He stood the operation fine and although it was done on Thursday he was back at home by Saturday. He is up in the 60's, but we bet a dime he will be on the golf course this week end.

The Herald is worth more than \$1

"The Stairway to Victory"

Precisioned Pursuiters-To-Be

Wheels tucked up, props in high pitch, Cadet-piloted Advanced single-motored training planes form "a stairway to the stars" at 200 miles per hour! Lead-spitting interceptors will be the next plane these Kelly Field, Texas Cadets will step into after winning their wings April 29th.

HDQS., Gulf Coast Training Center, April 29—From six hive-busy advanced pilot training schools—two more than were in production last graduation day five weeks ago—the largest class of flying fighters ever graduated from a U. S. training center today swarmed forth to combat units and instructing tasks.

Officers at Training Center head-

quarters, Randolph Field, looked at the roster of Class 42-D, which included 46 men from Texas and with typical Army reticence smiled broadly: "Encouraging." Even before Pearl Harbor the goal was 30,000 pilots a year. (Two of these 46 men from Texas, was Staff Sgt. William H. Pickron of McCaulley and Earl Singleton of Stamford).

Equipped with the newest pairs of silver "wings" in America, this record-breaking class of flying officers and staff-sergeants includes men from obscure villages and big cities of Texas and America. From them went a silver stream of miniature wings to mothers and girl

friends named honorary members of Class 42-D. This custom, first begun at Kelly Field, with this class had spread to all advanced schools.

A boon to the nation's bombardment squadrons was the output of multi-engine pilot schools at Ellington Field, near Houston, and at Lubbock, Texas. These pilots made each training flight with the thought: "This is a bombing mission."

Snug cockpits in the Air Forces' super-fast, lead-spitting pursuit planes were the prospects for graduates from single-engine pilot schools at Kelly Field, Brooks Field, both near San Antonio Foster Field Victoria; Moore Field, Mission.

METHODIST CHURCH

JAMES E. HARRELL, Pastor

In the absence of the pastor this Sunday morning and evening services will be conducted by Dr. Turner, president of McMurtry College of Abilene. He will bring good messages at both services, and we earnestly urge you to attend.

Also at the evening hour in addition to Dr. Turner's sermon, the Schubert Music Club will render a short program of sacred numbers.

Monday at 2:00 P. M. in Albany, the District Conference will be held.

Please remember our regular program:

Sunday School, 10 A. M.
Morning worship service, 11 A. M.
Juniors, Intermediates and Young People meet at 7:30 P. M.

Evening service at 8:30.

The Woman's Society of Christian Service meets Monday afternoon at 3 o'clock to continue the Mission Study, "Roots of Christian Democracy in America."

Mid-week prayer service Wednesday evening at 8:15.

Choir practice Wednesday night after prayer service.

Mr. and Mrs. D. D. Baggett and little daughter, Dianne of Slaton, were down to visit their parents, Mr. and Mrs. D. W. Carlton. Little Miss Dianne is the only granddaughter of Mr. and Mrs. Carlton. She is two months old.

Mrs. J. W. Wendel had as guests last week her sister, Mrs. W. E. Harris of Abilene, and a niece, Mrs. Ross Smart of Lampassas.

Missionary From India To Conduct Revival

On Tuesday evening of May 17, we will begin a revival meeting in the Assembly of God church, with a former missionary, Mrs. Ted Vassar doing the preaching. Don't fail to come and hear this woman, who spent several years as a missionary in India. She comes highly recommended as a spirit-filled woman who will bring a message to all that help each one live a better life. Hamlin is fortunate to have her.

At different times during the meeting, Mrs. Vassar will appear in the costume of the native of India. Don't fail to see her. We welcome you to all of our services.

W. A. McMillan, Pastor

WOMEN!

Modern facts

Speak for

CARDUI

Tell The Herald your news.

Sure, every acre's raising more . . . Now what's upping the mileage from this oil?

How does prize wheat or corn at the county fair get that way? Sure, man-made soil improvers—modern synthetics—were added to improve on nature.

AND MODERN SYNTHETICS in Conoco Nth motor oil make it yield mileage that outscored all other brands tested in the sensational Death Valley Certified Competition. Five big-name quality brands got every fair chance against Conoco Nth oil. All were run till engines failed and none came closer than 58% of the mileage totaled by Conoco Nth! . . . the oil you can have for your needed Spring oil change that's now overdue . . . the oil whose best known man-made extra substance—at no extra premium—gives your engine OIL-PLATING.

OIL-PLATING backs up the familiar fluid type of oil film with a surfacing of lubricant close-bonded to inner engine parts. Every cylinder wall, for instance, becomes a wall of OIL-PLATING that doesn't all drain dry during all the time you use Conoco Nth. Even after all-day parking, the OIL-PLATING is still up to the topmost piston rings, ready to lubricate before any oil can circulate. That's one plain way of foiling excess

wear, and keeping up mileage with your engine OIL-PLATED.

But Conoco Nth oil also includes Thiokene inhibitor . . . another synthetic . . . invented to inhibit or restrain the dangerous "jelling" of oil under excess strain. Engine heat and pressure can even gum up oil into something like fly-paper coating—only dirtier, and not much better for mileage. Against this threat, Thiokene inhibitor was created for Conoco Nth (U. S. Pat. 2,218,132). And Conoco Nth out-mileaged the others in the Death Valley Test—from 74% all the way up to 161%. You can get real optimistic about your own mileage. Conoco Nth will come through for you. Change at Your Mileage Merchant's Conoco station. Continental Oil Company

Founder's Day 11th Anniversary Beta Sigma Phi Sorority Observed

Miss Elsie Wienke, president of the Beta Theta Chapter, was hostess at her home on Fifth Street, on Thursday evening, April 30.

The chapter opened this international observance with the pledge ritual reading by Miss Wienke, for the new pledge, Mrs. J. Melvin Grigg.

The lace-covered ceremony table was centered with yellow roses in a black bowl and lighted with black tapers.

After a three course dinner the following program was given:

The National Anthem.

The Opening Ritual.

Welcome to the Pledge, Velta Toler.

Our 11th Anniversary, Edwina Gilbert.

A Toast to Victory, Ruby Poe.

A Toast to Our Army and Navy, Frieda Sparks.

A Toast to Our Air Force and Heroes, Loucille Willis.

A Toast to Beta Sigma Phi, Arlene Morgan.

Message from Mr. Ross, Elsie Wienke.

Our Pledge to Loyalty, Avaleen Murphree.

Closing Ritual.

The following members were present: Mrs. Winnie Day, Mrs. Velta Toler, Mrs. Frieda Sparks, Mrs. Arlene Morgan, Mrs. Ruby Poe, Mrs. Gerry Grigg, and Misses Avaleen Murphree, Loucille Willis, Edwina Gilbert and Elsie Wienke.

—Reporter

Mrs. Pat Marlowe Hostess to Club

Mrs. Pat Marlowe was hostess to the Optimisses Club and a few guests in her home, Friday, April 24th.

A short business session followed the refreshment hour when plans were made for a picnic, May 8th.

Members present were Mmes. F. E. Barnes, Tom Vaughan, Dub Burgess, W. H. Dean, G. P. Odom, O. G. Harvey, M. O. Kimmey and C. B. McGough.

Guests were Mmes. Ross Fomby, John Walton and L. C. Bond.

Mrs. Tate May Hostess For Buffet Supper

Mrs. Tate May entertained members of the Baylor Dramatic Touring Company in her home on Jackson Avenue, Monday evening, with a buffet supper.

Pink roses were attractively arranged on the dining table from which the supper was served, and the same lovely blossoms also centered the foursome tables.

Following the supper the troupe presented the play, Macbeth at the High school auditorium. The house was well filled and the audience was very appreciative and responsive for this type of play. Both the troupe, and The Woman's Literary Club which sponsored the play, are pleased with the reception given this production.

Miss Myrtle Lee Cohorn Married to Ralph Anderson

Of interest to a wide circle of friends in Hamlin and West Texas is the announcement of the wedding of Miss Myrtle Lee Cohorn and Ralph Anderson. The marriage was solemnized Saturday evening, May 2, at 6:00 o'clock at San Antonio, Texas. Judge Batt Corrigan read the ring ceremony. Mr. and Mrs. Anderson were attended by Mr. and Mrs. John Ed Day of Hamlin.

The bride is the daughter of Mr. A. J. Cohorn of Lamesa. She is now head surgical supervisor of Mercy Hospital at Council Bluffs, Iowa, but was for a number of years in Hamlin serving with the late Dr. Turner Bynum. She is a graduate of the Stamford Nurses' Training School and did her post-graduate work in surgery at Dallas.

Mr. Anderson, son of Mr. and Mrs. H. C. Anderson of Abilene, is stationed in the ground force at Kelly Field, San Antonio, and was formerly with the West Texas Utility Co., in Hamlin and Abilene.

The bride was dressed in a modish powder blue ensemble with black accessories. She wore a shoulder corsage made of gardenias surrounded with sweetheart roses.

Other guests of the wedding were Mrs. J. A. Cohorn, the bride's step-mother, Mr. Vivian Cohorn, bride's brother, of Lamesa; Mr. Forrest Greenway, Kelly Field, and Miss Adele Dixon, of Hamlin.

Following the wedding ceremony, Mr. and Mrs. John Ed Day entertained the wedding party with a dinner in the dining room of the Gunter Hotel.

The couple are on a short wedding trip to Corpus Christi and other Texas points until Mr. Anderson has to report to duty.

Miss Ethelan Harris Becomes Bride Of Dallas Man

Mr. and Mrs. R. L. Harris are announcing the marriage of their daughter, Ethelan, to Mr. Paul Witt Wellbaum, son of Mrs. J. S. Wellbaum, long-time resident of Dallas.

The marriage took place in Dallas, Tuesday, April 28, in the presence of the groom's mother and other relatives and close friends. The bride was wearing a dusty pink silk jersey dress with brown accessories.

The bride, whose parents are pioneer citizens of Jones County, was reared in Hamlin and at present is with the Southwestern Bell Telephone Company in Dallas.

Mr. Wellbaum is a musician and radio artist, at present connected with Interstate Theatres Entertainment units of Dallas.

Mr. and Mrs. Wellbaum are making their home in Dallas.

Frank Johnson and little daughter Shirley of Fort Worth came up last Saturday for this week with his parents, Mr. and Mrs. W. F. Johnson. Frank has been in the Electrical Department in the construction of the big Consolidated Aircraft plant near Fort Worth.

Woman's Literary Club Closes Successful Year

The Woman's Literary Club closed a very interesting and successful year's study and work, Friday morning, when the annual spring breakfast was held in the F. and M. Bank cottage at the City Lake.

The program included an interesting review of Macbeth by Mrs. R. H. Campbell. Following a short business session, Mrs. Tate May, the outgoing president, conducted an impressive installation ceremony, and gave a brief resume of the club's work during the past year. She expressed her hope that the organization of a Junior Literary Club could be effected during the coming session. Mrs. May presented the incoming president, Mrs. G. R. Bennett, who stressed the Club woman's responsibility to uphold the spiritual, moral and cultural welfare, of the people of our country by continuing club work during war times.

Mrs. Bennett announced the following committees to serve during the coming year:

Year Book: Mmes. C. E. Ball, John O. Lewis, Tate May and John D. Ferguson.

Membership: Mmes. Tom Teague, Bowen Pope and Art Carmichael.

Education: Mmes. Hubert Morton, Landon Davis and A. Spencer.

Method and Finance: Mmes. Travis Dean, Webb Jenkins, and Miss Allie Whiteley.

Public Welfare: Mmes. W. A. Albritton, Arlie Cassle, and H. O. Cassle.

Music: Mmes. Henry Albritton, H. E. East and Miss Opal Cory.

Art: Mmes. Wallace Walton, S. E. Brooks and W. J. Poe.

Building Fund: Mmes. R. D. Moore, John Walton and E. J. Whaley.

War Service: Mmes. John O. Lewis, W. R. Calhoun and D. W. Stell.

Federation Counsellor: Mrs. R. H. Campbell.

Committees in charge of the breakfast were: Menu: Mmes. John D. Ferguson, John Walton, W. R. Calhoun, and Miss Whiteley. Arrangement: Mmes. Wallace Walton, Travis Dean, W. J. Poe and A. Spencer.

Hamlin Soldier Married In Manchester, N. H.

Sgt. William P. Wells, son of Mr. and Mrs. Garry Wells of Hamlin, and Miss Yvette Desrochers, daughter of Mr. and Mrs. Joseph Desrochers of Manchester, N. H., were married Saturday morning in the chapel at Grenier Field in that city by Chaplain Lionel E. Beaudet.

Attending the couple were Sgt. Jas. Carter of Pawtucket, R. I., and Robert Lamontagne of Manchester.

The bride wore net with lace trimming and a veil of the same material. She carried a bouquet of Calla lilies.

Sergeant Wells attended Hamlin High school and served three years in the CCC before enlisting in the Air Corps in (San Antonio in December, 1940.

The bride wore net with lace trimming and a veil of the same material. She carried a bouquet of Calla lilies.

Senior Class Presented Their Annual Play

Skidding, a comedy in three acts, was the play offered Friday evening, May 1, by the senior class of the Hamlin High school. Each character was well chosen and deserved special credit for the way the play was presented.

The cast included Virginia Hampton, Bill Harbert, Mary Nell Bell, Milton Fletcher, Selma Hassen, Betty Abbott, Joseph Miles, Virginia Brown, Don Coles and Ralph Dean.

Specialty features were given by Harold Fletcher, Patricia Rector, Gamile Hassen, Bobbie Wilson, Betty York and Lanell Andress.

Plasterco Defense Club Meets

The Defense Club of Plasterco met Thursday night with a good attendance. J. T. Smith, president, was in charge of the meeting.

Talks were made by various ones, about the necessity to buy bonds and stamps.

There are 179 men working at the mill (T. P. C. C.) 62 of the number have taken out bonds from the mill. Others have taken out bonds at different places.

Mr. Calhoun reports for the Mill 108,090 pounds of scrap iron sold. The Boy Scouts and Mr. Dill have sold 10,200 pounds of scrap iron.

The women have knit twelve sweaters, size six, and made twenty-five hospital garments.

—Reporter

Young Women's Auxiliary Honors Their Mothers

The Young Women's Auxiliary of the First Baptist church entertained with a buffet supper, Tuesday evening, honoring their mothers.

The church banquet room was beautifully decorated with roses, larkspur and Queen Anne's Lace.

Miss Elsie Mitchner, the president, acted as toastmistress and introduced the following program:

Song—Miss La Nell Andress.

Reading—Miss Betty Lou York. Duet—Mrs. W. C. Russell and Mrs. Jack Russell.

Vocal Solo—Mrs. W. C. Russell. Sing Song—By Assembly.

Out-of-town guests were Mrs. C. B. Allbritton of Waco, and Miss Grace Holder of Los Angeles, California.

Miss Valeta Crow has taken a position with the Wienke Beauty Salon, following her completion of a Beautician course in Fort Worth last week.

Notice the date after your name.

Card of Thanks

We wish to take this means to thank each and every person who has so graciously and generously helped and encouraged us during the time of the illness of Mrs. Clarence Hill.

We especially want to thank the Ladies Club for their work and interest. And too, W. J. Vance and H. F. Haught for taking care of the fields.

Sincerely yours,
Mr. and Mrs. Clarence Hill

POT SHOTS FROM McCAULEY

BY GEO. DARDEN

Mrs. Clyde Hodnett, Mrs. Jack Hodnett and Wayne Hodnett visited in the home of Mr. and Mrs. S. E. Miers last Friday. Wayne was home on leave from Ft. Bliss where he is stationed in the Field Artillery.

Mrs. C. P. Yates has returned to Dallas for an indefinite stay with Mother Yates who has been ill for several months.

Mr. and Mrs. S. A. Johnson are spending their vacation in the home of their daughter, Mrs. Melvin Henderson and husband. The Johnsons, formerly of McCauley, are now living at Miles, Texas.

Mr. and Mrs. George Maberry spent last week end in Hermleigh visiting in the home of relatives.

There will be a special Mother's Day program at the Methodist church next Sunday. You are cordially invited.

Last week we wrote, that the well on the Bridges farm was a duster, but as before we were all wrong. The well was acidized and it is now believed that it will be one of the best producers in this community.

The George Dardens spent last week end in the home of parents, Mr. and Mrs. M. A. Darden in Girard.

A special Mother's Day program was given at the Baptist church last Sunday night and a large crowd was on hand to enjoy the occasion. A large crowd gathered at the

school house Monday to get their tiring.

The brotherhood of the Baptist church will meet at the church on Saturday to clean up the church grounds which are badly in need of a weed killing campaign. All that can't attend, please send fifty cents. Jack Johnson is chairman of the clean up campaign.

Billie Pickron and Bob Stellman of Kelly Field were week end visitors in the home of Mr. and Mrs. Bill Pickron. Both boys are Staff Sergeant pilots and were going to Phoenix, Arizona, for further training.

About the only embarrassing thing about the sugar ration registering business, was that the women were a little backward about telling their age as well as their weight, and those interested in reducing should try raw cabbage as there may be a lot more papers to sugar rationing cards. Teachers and pupils were in charge of the register where by you will again have to state age and weight. We know of one man that like to have gotten a whipping after telling his wife's weight. (We learned better years ago).

Rev. and Mrs. C. E. Dick spent Monday in Abilene. The board of deacons of the Baptist church have announced that Rev. Dick will be sent from this church to the State convention.

J. B. Jayroe writes from New York that he really looks forward to the Pot Shots each week. And say folks, there are a lot of soldier boys who would be glad to get the Herald. Loosen up, spend a dollar and make the boys happy.

Don't write blue letters to the soldiers. We have talked to many and all say, "We want cheerful letters." In fact, a blue letter from home doesn't help the boy, even though it gets something off your chest. We heard a man say that one boy wrote a letter to his mother saying: "Don't worry about me; worry about them Japs."

As the old negro said: "If the Lord is willin', and I don't kick the bucket—" we will be with you next week.

o-o-o

We do not have the words to pay due tribute to the Mothers of our country. Yet, we wish to express our appreciation for the Mothers of America and as Sunday, May 10, has been designated as Mother's Day, we the sons and daughters of Mothers every where, will be thinking of Mother who gave us life.

Down through the ages, man has been in the headlines and as a rule man has gotten more than his share of honor and glory, but when it is all summed up, it is the mother that is due the honor.

What we might write or say, would indeed be small in paying our respects to you Mothers, but we do know that the morale of our country depends largely on the teachings of a good mother.

We men folks, most of whom are neither saints nor angels, but after all is said and done, deep down in our hearts there is the most tender feeling for the mothers who gave us life.

You Mothers that have sons in the armed forces of our country, we especially salute you to day and we hope to merit the good will of every mother by some word, act or kindness that will make the road just a little brighter for you, and our sincere wish is that your sons will have a safe return to their homes and a victory which you so justly deserve. Mother, you have made a trail of happiness

Along life's pathway, dear A sunny trail that's brightened And your thoughtfulness and cheer, And so this special greeting, brings our love to you today And we wish for you the same true joy you gave along the way.

ROUND TOP NEWS

By Raye Shelley

Monday was a very busy day around here. Every body was busy with their sugar ration registering.

Mr. and Mrs. Dave Scott had as their guests Sunday Mrs. Odell Garrett, Helen and Vennis Parker; Mr. and Mrs. Orval Pack; Mr. and Mrs. Buck Scott and Terry Ronald; Mr. and Mrs. Oscar Scott and A. J. Scott and son of Wichita Falls.

The ladies of this community enjoyed a quilting in the home of Mrs. Johnny Carlton Tuesday of last week. Each woman carried a covered dish and lunch was served buffet style.

Miss Patsy Jim Berry of McCauley spent the week end with Joan Shelley.

Helen Parker spent Monday with Faye Brown.

Technician Willie Doyle Berry, who is stationed at the William Beaumont General Hospital in Fort Bliss, spent Thursday of last week with relatives here. He had accompanied his captain and an injured soldier to Monahans, Texas.

H. C. Gary, who has been attending a welding school in Big Spring, was home this week end.

Mrs. John Shelley and James Shelley spent a part of last week with relatives at McCauley.

Mr. and Mrs. Andrew Bates, Mrs. Frank Allen, Don J. and Annetta Allen visited relatives at Snyder last week end.

After May 15 the government will "freeze" all wire fencing—better hurry—I got a good stock.

PAUL BRYAN LUMBER CO.

Milton (Mutt) Nicholson of Odessa was over Sunday to visit his parents, Mr. and Mrs. Geo. A. Nicholson. Mutt is in a big grocery business in Odessa.

NEINDA NEWS

Mrs. Tom Hodges and son Tom Victor of Lubbock spent the week end with Mr. and Mrs. J. V. Hodges.

Spending the week end in the home of Mr. and Mrs. Henry Fields were: Miss Hester Fields of San Angelo, Mrs. Charles Bisbee of Abilene, Mrs. Rex Kemp and two daughters of Roby.

Mr. and Mrs. Edward Dodd of Texarkana visited Mrs. Dodd's parents, Mr. and Mrs. Floyd Winslett. Fred David returned to Texarkana to spend the summer with Mrs. Dodd.

Private Wayne Hodnett, 6 St. F. A. Bn., Fort Bliss, visited his par-

ents, Mr. and Mrs. J. C. Hodnett last week end on a six day furlough.

Mr. and Mrs. C. E. Gregory and family and Mr. and Mrs. Tom Gregory attended services in the First Baptist church at Hamlin Sunday night.

Maxine Poe of Texas Tech spent Saturday night with her parents, Mr. and Mrs. F. W. Poe.

Miss Bennie Jones of McMurtry College spent the week end with her parents, Mr. and Mrs. W. C. Jones.

Monday was a very busy day in Neinda. Those helping sign for war rationing books were: Mrs. Ogie Weaver, Miss Ettie Hodges, Mrs. Earl Brown, Mr. George Poe, Mr. Ray Williams, Mr. Rod Brown, Mr.

Amon Weaver, and the supervisor, Mr. J. A. Morgan.

Mr. and Mrs. Sam Hodges and son Sam Mack spent Sunday with Mr. and Mrs. J. V. Hodges.

A. V. Westmoreland and Raymond Gregory of Dallas have been home with the measles.

Rod Brown has been in bed with the flu.

HAMLIN, JONES COUNTY, TEXAS, FRIDAY, MAY 8, 1942

NUMBER 27

Jones County Dairy Plant Starts Operating May 20

The Jones County Dairy Co-operative, plant for the processing of cheese, started September 5, 1941, is beginning to be a reality. Today we are nearing the completion of a \$10,000 building, boasting we say one of Anson's finest. \$16,000 worth of equipment is stored and in transit to be installed in this plant for the manufacturing of cheese.

This Co-operative is a Jones Co. organization, formed jointly by the farmers and business men, though we plan to include and serve the several adjoining counties with this one plant. The Co-operative has 300 customers with 1,500 cows contracted, and these customers will sell milk from at least 2,500 cows. Seventy-five business men of the county are preferred stockholders in the organization.

We are financed by the Houston Bank for Co-operatives at Houston, Texas.

Plans are to begin operations May 20, 1942. When the processing of milk into cheese is started, approximately 5,000 gallons of milk will be

used daily. For which the patrons will in turn receive daily about \$700.00, this will naturally be spent at the patrons' customary trading places. It is estimated the sale of whole milk brings a profit of \$20.00 more per cow each year than cream sales. With the 1,500 cows already contracted, Jones County will have \$30,000.00 more money on milk sales to spend. Is this a paying business or not?

Milk routes are being mapped with trucks to cover the entire county and no patron is asked to deliver their milk to the plant.

When processing begins we will be concerned only with the making of cheese for wholesale trade. The Kraft Cheese Co. has contracted for our entire output to be shipped weekly to their curing plants.

Due to the war and priority ratings, we cannot install the cold storage lockers, nor can we secure churns for handling cream.

To those people interested in the selling of milk, and to our patrons it is our aim to give you courteous, agreeable service daily.

Band and Choral Club In Annual Concert Tuesday Night

The Hamlin High School Band and Choral Club, under the direction of Webb D. Jenkins, will present their first annual spring concert on Tuesday, May 12, at 8:45 P. M. at the High school auditorium.

The Band contest at Abilene was called off this year due to transportation and cost involved so Mr. Jenkins has arranged a program for local folk in place of the contest event.

Although the program is free, a representative of the Post Office will be at the door to sell war stamps. The buying of a war stamp is not compulsory in order to attend the concert, but we encourage everyone in Hamlin to attend and buy at least one stamp. Let's boost Hamlin's sale of war stamps.

The local organizations do not receive the money from the sale of war stamps, as it is the same as buying them at the Post Office.

We urge you to attend if you enjoy your band and want to help Uncle Sam.

Mrs. M. T. York returned Wednesday from Dallas where she had been nearly two weeks with her son, Marvin, who had been very sick. He accompanied her home, although very ill. Indications he will continue to improve, and will soon be able to return to his work in Dallas.

Mrs. Paul Wellbaum, formerly Miss Ethelan Harris, of Dallas, is spending a few days in the home of her parents, Mr. and Mrs. R. L. Harris.

Soldiers to Be Guests First Baptist Church Mother's Day Services

Last Sunday the members of the Hamlin Baptist Church voiced a desire to have as many of the Camp Barkeley soldiers as possible as special guests this week end and for Sunday's Mother's Day services.

118 reservations were promised. That is, various homes asked for from two to four soldiers to be their guests Saturday night and Sunday. At that time the transportation problem was not thought to be hard to solve. Since however, it has been learned that special buses can not be had out of Abilene, and the only way to get the soldiers into Hamlin is for those willing to use their own tires to go to the Camp and bring the boys over, and then carry them back Sunday afternoon. This will no doubt cut down the number to be entertained.

But we can safely say that many will furnish their cars and there will be a lot of soldiers in Hamlin Sunday, guests of the Baptist church and perhaps other churches. Individuals will go for them at the camp and thus honor them in every way possible.

Those looking after this form of showing some special favors towards the soldier man, plan an informal supper for the boys in a group late Saturday evening. This will be either in the basement of the church or at the Lake side.

Rev. East will bring a special Mother's Day service Sunday at eleven o'clock. Individual hosts will serve lunch to the soldier guests, in any manner they each may desire and entertain as occasions may dictate.

3,101 Sugar Books Registered In Hamlin

Last Monday and Tuesday, May 4th and 5th will hereafter be remembered as "Sugar Days" in Hamlin.

The government now has a bird's eye record of the people in every community, unless somebody did not or does not care about whether or not he gets any sugar.

3,101 books were handed out and that means a bigger population than was usually granted to Hamlin. This perhaps included some not within the city limits.

Taken as a whole, the jam of registrants came through the ordeal in a fair humor. Some fretted under the long wait when crowds piled in to the auditorium. The arrangements for rest while waiting were ideal. The auditorium was used for line up, and each one was taken as per his position on the rows of seats.

Hamlin teachers worked hard and long, and patiently doing their first "war job."

BETTER REMEMBER THIS
This is something NEW for Americans. The Sugar Books do not tell all that the holders must do. From other sources the Herald gives you the following. You have 28 stamps numbered from 1 to 28. Only the merchant or clerk from whom you buy the sugar is permitted to tear out the stamps.

Stamp No. 1 entitles you to purchase ONE pound of sugar if it is torn out on or before May 16.

Stamp No. 2 may be used for ONE pound any time from May 17 to 30.

No. 3, May 31 to June 13.

No. 4, June 14 to June 27.

One is not compelled to use his stamps just because he has them. If one does not need the sugar during the time, don't worry. You can not get more than 2 pounds per month, and no stamp can be used after its date, as we understand it.

Expression of Thanks

We wish to express our deep appreciation to our many neighbors and friends who have been so thoughtful and kind to us since our home was destroyed by fire last Friday morning.

Mr. and Mrs. Charlie Belew

Grover T. Sipe, John Rimmer and W. H. Murphree left Tuesday for El Paso where they will carpenter on an army camp or something for soldiers.

Hamlin Women On Red Cross Honor Roll

The Herald has suggested that women who work in their local Red Cross rooms should be listed on the "honor rolls" of this nation.

We do not mean to say that a person deserves any special honor for doing his duty, especially in time of war. We do not encourage printing long lists of persons who have made "token contributions" to this and that, but after looking in on the Red Cross room, and seeing earnest looking housewives, some mothers who have sons on the battle fields, it prompts us to say that they are making personal sacrifices far beyond what many other women are doing, and therefore deserve extra expressions of thanks from their fellow citizens. So below we list the past week "honor roll" of workers.

Starting Thursday of last week, and ending this past Wednesday:

THURSDAY: Present, Mrs. W. L. Boyd, chairman Mrs. O. K. Wilson Mrs. F. B. Tucker Mrs. L. B. Petty Mrs. Frank Hall Mrs. Clirile Whitehead Mrs. C. F. Butcher Mrs. W. H. Gilbert Mrs. D. W. Parks Miss Pearl Hudson

FRIDAY: Present, Mrs. C. F. Butcher, Chairman Mrs. W. E. Crow Mrs. F. M. Crow Mrs. O. K. Wilson Mrs. Fred Carpenter Mrs. Melvin Grigg

MONDAY: Present, Mrs. Melvin Grigg, Chairman Mrs. O. K. Wilson Mrs. Fred Carpenter Mrs. J. A. Kite Mrs. D. W. Parks Mrs. O. G. Harvey

TUESDAY: Present, Mrs. M. Y. Wilson, Chairman Mrs. O. K. Wilson Mrs. J. L. Altum Mrs. W. E. Crow Mrs. Kenneth Scott Mrs. O. C. Newberry Mrs. C. F. Butcher

WEDNESDAY: Present, Mrs. Ed Bailey, Chairman Mrs. O. K. Wilson Mrs. Dick Low Mrs. L. E. Griffin Mrs. D. O. Sauls Mrs. V. V. Anderson Miss Eleanor Temple Mrs. J. D. Greenway Mrs. P. D. Harkins Mrs. Melvin Grigg Mrs. C. F. Butcher

Fire Destroyed Home At Gen. Crude Station

The many friends of Mr. and Mrs. Charlie Belew and two children sympathize with them in the loss of their house and belongings at the General Crude Station last Friday morning about 2 o'clock.

Also heavy losers in the early morning fire, are Mrs. George Forrester and son, who were rooming at the Belew home. Everything, practically, that the two families had, was lost, and but a small amount of insurance.

Thursday of last week with the birthday of Mr. Belew and his parents came over from Abilene, and along with friends they enjoyed games and a home movie picture show, in the early hours and ate supper about ten o'clock. Following the going of the guests, Mrs. Belew spent a short time arranging things and retired late, and shortly members of the family were awakened by the roar of flames that quickly enveloped the entire house.

Lt. Leo Fielder made a "flying visit" over the home of his parents, Mr. and Mrs. L. E. Fielder, and then "swooped down" on Hamlin; along with two other fast war planes last Sunday. Three rip-roaring planes in formation dashed across Hamlin so quickly folks in their homes hardly got a glimpse of them before they dashed away. This was proof how quick things can happen when a town is bombed. Lt. Fielder is developing strong wings and his home nest will not hold him much longer. He is or was stationed at Oklahoma City.

Mrs. J. S. Dickey spent the week end in Lubbock visiting her daughter, Mrs. Harvey Austin.

Hamlin People Visited Relatives In The Ruins of Crowell

Since the terrible disaster at Crowell last week, when every thing was hurt so badly by the cyclone, several Hamlin people, especially some with relatives there, have visited that unfortunate city.

Carl Greenway, and his brother and sisters of Hamlin have a brother, Walter Greenway and wife in Crowell who lost everything they had and were cut and bruised. He is a one-armed man and even his artificial limb was lost in the storm. Mr. Greenway went up there Friday of last week and Miss Lennie Greenway and sisters, Mrs. Goedke and Mrs. W. D. Ross of Abilene went Sunday. They report a terrible situation, even that late in Crowell. They said that then there were about 300 persons who had to sleep in the public school buildings, and bedding, blankets, etc., were sent up from Austin. Besides long line of bedrabbled people were being fed by the Red Cross and other organizations. They say it is hardly believable what can be seen in that torn up town. Sunday there perhaps were 5,000 cars trying to weave their way among the broken and belittered streets, just sight-seeing. People stand about the ruins of their homes in a dazed manner, and many exist in bewilderment.

It would seem that conditions in Crowell must be well in hand and they are being helped as far as possible. From all quarters, boxes and supplies have been sent, some credited to local Red Cross, some just delivered without credit. Several boxes were sent in from Hamlin.

Victory Book Campaign Making Some Progress

152 more books have been turned in to the County Chairman on the Victory book collection in this community. This gives us a total of 262 books as 110 were turned in around the first of April. Our quota is 700.

We urge you to make your contribution NOW—and let it be a book that you yourself have enjoyed reading.

We would like very much to finish up this campaign by May 15th; so if you have a plan to secure this quota, please tell the local chairman about it.

Bring your books to the Book Shop or to the Red Cross room.

Saws and scissors sharpened by old time expert at PAUL BRYAN LUMBER CO.

Dr. Fred Hudson Made Impressive Health Talk

The Red Cross Home Nursing class was fortunate in having Dr. Fred Hudson of the Stamford Sanitarium as guest speaker on Tuesday afternoon. Dr. Hudson gave a stirring address on the importance of our realization that a war is going on, one that is more serious and probably more prolonged and more inhumane than ever before in the history of our nation.

He lamented the fact that we as a nation were not realizing the dire necessity of conservation in food, tires, living expenses and pleasures, and the emphasized the value of courses being offered, and he stressed how worthwhile it was for us to spend time and effort in becoming prepared to help during this great National Emergency.

Our armed forces are calling for doctors and nurses, and of course we will feel the great shortage. The best thing that we can do to help the situation is to keep physically fit. Deficiency diseases can be prevented or corrected through proper diet.

Communicable diseases can be controlled through immunization, isolation and quarantine. Today, with our anti-toxins, toxoids and many vaccinations, careless and indifference on the part of the parent are our chief causes of so many of children's communicable diseases. After the 9th month, a baby should be given diphtheria toxoid, and this should be followed in 6 months by the Schick test, to make certain the immunization was acquired.

Teeth have a great effect on one's physical health. Bad teeth are a source of more physical trouble than we realize. Affected teeth can cause rheumatism, nervousness, gall bladder disorders, and even ulcerated stomach, so it is important to keep clean teeth and have a check-up often.

Dr. Hudson's talk was so impressive and so vital to the class that we regret that our entire community could not attend and take the message home to himself.

To Work Cemetery

The Herald is requested to say that there will be a working of the Cemetery at Neinda Saturday, May 9. If you are interested be there on time with tools and a will to work.

The Committee J. E. Lords, who works on the Houston Post, was here last week visiting his sister, Mrs. J. W. Wendel.

Communications—

"Dear Mr. Pope:

"I read in the Hamlin Herald not so long ago that the graveyard thief was still at large and still operating. I was so in hopes they would skip my Mother's and Father's rose bushes and other flowers but I have learned through a friend in Hamlin that the thief was still at work and had taken them. I hated so much for them to be stolen as I can't be there to replace them. I am living in Hobbs for the duration, taking the place of Foy who is in the Philippines. I am working so that his business will still be here when he returns.

"I am wondering if the rosebush thief, or should I call him a ghoul? can enjoy the ill gotten plants when he knows that boys such as Foy must leave their homes, loved ones and friends to protect and maintain the freedom of such as he? I doubt that he has a conscience any more than Hitler has, but should he have

one I think it should force him to return the plants and make public apologies to those of us who have friends and loved ones buried in the East Cemetery. Such a person would be the Quisling of Hamlin, if the opportunity ever presented itself to him. The day of his early demise should be a fortunate day for Hamlin."

Very truly yours,
Mrs. L. B. Pribble,
Hobbs, New Mexico
—T & T—

Sgt. O. D. Conner, one of Hamlin's oldest regular army men, writes from the Enemy Alien Internment Camp, at Florence, Arizona, telling the Herald "find one dollar. Please send me the Herald so that I can keep in touch with everything happening at Hamlin.

"I am out here in the desert in what is commonly called 'God's Country.' Don't mind it a bit. In fact I am beginning to enjoy it out here. Every one has been very nice to the boys and have tried to show them a good time.

"At present we have no prisoners here but can never tell when they will arrive. I have an idea our work will then indeed begin.

Respectfully yours,
Sgt. O. D. Conner
Hq. Enemy Alien Internment Camp
Florence, Arizona
—T & T—
712 Hodges Street
Lake Charles, La.

Mr. Pope:

I want the Hamlin Herald sent to me at address on heading of this letter. The best I remember it is \$1.00 per year. Any way, I am send-

ing a dollar so send it to me till the funds run out.

How's dear ole Hamlin by now? I'd sure like to see her now but I guess it will be next Christmas before I get a chance to come home. Our leaves have been cut down to not more than one day at a time. There are three other Hamlin boys here. They are Paul Hudson, A. L. Hudson, Jr., and J. T. Sipes. We see each other every once in a while and that helps a lot to see some one from home. If you know of any one ever coming down this way tell them to drop by to see us. The fishing is really good!

I'm getting anxious to read some Hamlin news.

As ever,

Mr. and Mrs. Raymond R. Elkins
—T & T—

Three Cheers—

Madagascar Safe—

The most heartening news this week was that the English have occupied the French island of Madagascar, that great link of territory just east of Africa, 360 miles wide and 1000 miles long, containing nearly four million people.

American people have become increasingly uneasy about this strategic island falling into the hands of Japan and later to Germany. This is not all we are uneasy about. There is Dakar on the western elbow of Africa, sticking out towards the United States. This must sooner or later be taken by England and the United States. It is a sore spot that could do us a lot of harm, if Germany makes it a base. All French outlying lands should be taken in "protective custody" which means by the consent of England and the United States who guarantee to return it to a free France when all danger is past.

—T & T—

Another Loss

Another Silence—

Men of Bataan, American boys: Soldiers of Corregidor and American women, angels of mercy, as the shadows of defeat come once more over you and once more a stronghold of the Democracies now lies silent, we in your beloved homelands have not forgotten our hopes and prayers for your success, for your safety in this the latest heroic stand for freedom since the sad days of our Texas Alamo. Heroes and heroines, all.

Men of Corregidor, and faithful women of mercy, whether you be alive and living in humiliation and suffering or whether God has taken you in solemn death before the hour when your comrades were forced to stop the struggle, we in your homeland raise our heads in proud praise of all that you did and stood for. What you may have suffered, what you perhaps must now suffer, all summed up gives all men and women who love freedom and justice a new ideal to spur them on to bring a world victory that you in your meager numbers were unable to secure.

The increasing silence of Bataan and Corregidor will pound at the hearts of all Americans, the world around, till the Japs pay a thousand fold for all that you have suffered. In our humblest manner we salute you as this sad news reaches our shores.

Boys of Bataan and Corregidor, several of you were our own Hamlin fellows, known by most of us since your babyhood. We all sympathize with your parents, and with them we shall continue to hope that by some merciful means of Providence all of you will be able to endure till our day of victory and peace shall be rung out again around the world.

—T & T—

Here's a Good Idea—

We believe in upholding a good idea when anybody advances it.

For example, Congressman Vinson of Georgia, of the House Naval committee, wants to "democratize" the Army and Navy. Meaning by that so says the congressman, that men who are appointed to be educated in the Army's West Point or the Navy's Annapolis, to become officers after graduation, should first be trained in the ranks as buck privates for a period of about one year.

That's a good idea, and should have been advanced years ago.

The pre-service would be a kind of examination, leading to promotion as student-officers in those educational plants. Here is what Mr. Vinson says about it. Read it.

"That would give the army and navy opportunity to determine the fitness of their officer-candidates, and the aptitude of the appointees for life aboard ship or at a military post.

"And," he added, "it would give them an insight and understanding into the problems of the men in the

ranks which would prove of immense value in their later posts of command."

Vinson endorsed a move to wipe out "quickie" commissions in the army—those granted to persons without military training—and suggested its extension to the navy and marine corps.

"There's no reason in the world," he argued, "why the army or navy should take some person from civilian life and give him a commission just because he has some influence, and then, for instance, stick him down in the press section to write publicity releases.

"Even if they do need men for the work, let 'em come up the hard way and earn their ranks and they'll be better qualified for the jobs by having had the training."

Public sentiment is the strongest force in America today. Public sentiment is against "influence" in army or navy. Certainly in time of war more officers are needed, but it is not good sense to pick out some and boost them as officers over men who have already learned what is needed in the ranks.

Support of Vinson's plan was brewing privately . . . many members of congress are against the ever increasing requests from back home that they use their "influence" to obtain commissions for sons of influential constituents.

It is not a secret that many so-called "influential men" would not mind it so badly for their sons to get into the armed service of their nation provided the son can be a big somebody, hold some easy job, be called by some title other than "private." We say God bless the private for he is the one after all who does the job. Influence, pull, politics and religion have no place in the job America has before it. We have had too much of that in the past and the best statesmen will look ahead on many lines as this war storm passes.

Some people drift with the wind, the stream, knowingly, some do the same and not know it, while there are a few who are forever butting something that is not going in the right direction. What do you think?

—T & T—

Tire Regulations

Amendment Notice

On and after June 1, 1942, a board may not issue a certificate for a new or retreaded tire to an applicant who seeks to replace a tire carcass which cannot be retreaded unless the applicant can establish to the satisfaction of the board that the carcass became unusable from circumstances not resulting from the applicant's abuse or neglect. Granting or denial of a certificate under those conditions will be at the discretion of the board with regard to the loss which the community will suffer if the applicant is denied tires. Where the community would suffer no serious loss if the applicant were denied tires, because other persons can provide the same service, or for other reasons, the Board may refuse to grant tires to replace such damaged tires.

Persons guilty of abuse or negligence in care of their tires may be denied certificates even though they are otherwise eligible.

The above article is from the office of the Texas Rationing Administrator, Box K, Capitol Station, Austin, Texas.

Jones County Rationing Board

Report For Month of April, 1942

Certificates were issued to the following to purchase new automobiles: John F. Green, Hamlin; J. E. Johnson, Hamlin; Wm. A. Carter Hawley; L. C. Dennis, Stamford City of Stamford, Stamford; Waple Platter Gro., Stamford.

Application from R. L. Thane Avoca, for new automobile was refused for failure to establish classification.

Passenger tires or tubes were issued to: Dr. J. C. Duff, Anson; D. N. F. McDonald, Stamford; Jo Culbertson, Hamlin; Seth W. Lawrence, Anson; Bill Dunwoody, Anson; Dr. E. P. Bunkley, Stamford Clara Bessie Brown, Anson.

Truck tires or tubes were issued to: R. T. Ferrell, Stamford; Mistle toe Transit, Stamford; J. J. Steele Anson; E. C. Feagan, Hamlin Stamford Produce Co., Stamford; A. B. Chance, Anson; Weldon Birdwell, Anson; Ray Anderson, Anson. Obsolete tires were issued to: S. Otto Smith, Stamford; W. C. Cox Stamford; Laddie Compton, Anson Jim B. Cook, Merkel, Rt.; R. R. Scott, Anson; J. E. Massey, Stamford; Isaac Iriah Addison, Hawley; F. Rushing, Hawley; A. J. Newman Merkel, Rt.; Ernest Dixon, Merkel, Rt.; Roger A. Garrett, Merkel; Geo. H. Cooper, Merkel, Rt.; Austin B. Ham, Lueders; Elva Lewis Berry, Hawley; L. Clyde Counts, Lueders; J. K. French, Tuxedo; R. W. Ar-

Clipping of Men's Trousers For War

Mrs. C. F. Butcher of Hamlin and her committee will begin gathering of wool clips from tailor shops and clothing stores of Hamlin within the next two or three weeks.

Office of emergency management gives this evaluation of the project: "Did it seem a trifling thing to you when WPB took the cuffs from the men's trousers to save wool? In total war there are no trifles. Cuffs average about 2 per cent of the total cloth in a man's suit.

"Or put the saving in terms of uniforms. There's about 5.18 pounds of wool in a soldier's uniform, and about 24 one-hundredths of a pound in a pair of trouser cuffs. Nine pairs would give material for an average Army coat. Twenty-one pair, then, and you have a soldier's uniform."

Clips gathered by Mrs. Butcher and her committee will be shipped from chapter production room in Stamford to designated mills for re-producing and funds of Red Cross will be increased by the national wool conservation program. Accumulated clips will be collected at regular intervals throughout the year.

HAMLIN, TEXAS

Jones County Food For Victory

A group of 16 women met from 10 A. M. to 4 P. M. Friday, May 1, in the home of Mrs. Herman Cox. 12 pressure cookers were checked by Lee Ann Williams, Farm Security Home Supervisor. The only way to know your cooker gauge is registering correctly is to have it tested. It is our patriotic duty not to lose even one quart of food.

Miss Williams demonstrated the hot water bath method of canning fruits and tomatoes which is the only method to conserve all the vitamin C possible.

The preparation of canned foods were demonstrated using canned peaches, combined with raw carrots, cabbage, and cooked dressing as a salad. Canned corn was made into corn a' la King. Ginger bread, using molasses instead of sugar was prepared at noon. The women ate whole wheat yeast rolls and got the recipe. Every person should eat whole wheat bread at least once a day and enriched flour the rest of the time for vitamin B, which helps steady one's nerves.

Victory Pledge Popular

Requests for 153,500 Victory demonstrator's pledge cards have already been filled by the A. & M. College Extension Service, and 50,000 more are being printed to fill additional orders. This includes 3,500 printed in Spanish for Latin American people pledging their co-operation to the war effort. "The Citory Demonstration is a war-time program, encouraged by the Extension Service," according to Extension Director H. H. Williamson. "Texans made it for Texas. The Victory Demonstration has an appeal—a patriotic appeal, and while it was planned primarily for country people, I find urban people like it too. It points the way for every

red-blooded American who wants to help win the war on the home front."

Small red, white and blue lapel buttons are being worn by several thousand Victory Demonstrators in the state. Orders in the last month aggregated 4,350.

Here is the text of the pledge:

"As a Victory Demonstrator doing my best to help win the war, I will produce food, feed, and fiber to assure good health for myself, my family, and others. I will take good care of everything I use—food, clothes, furnishings, equipment, machinery, buildings, livestock and the soil as well as scarce articles such as rubber and metals.

"I will buy carefully anything I must have and I will buy U. S. War Stamps or bonds with all the money I can.

"I will work hard with my family and neighbors and help people to be cheerful, to have courage and to take part in all war activities."

500 Victory Demonstrator pledges have been signed in Jones County. 1,000 Victory buttons have been ordered for those who have signed a pledge to wear.

M. Y. Wilson, of the Aviation service, returned home, Tuesday, for a visit with his mother, Mrs. M. Y. Wilson. M. Y. is recuperating from an operation which he recently underwent in the Army Station Hospital in Leavenworth, Kansas.

Mrs. J. E. Watson of Borger is visiting her mother, Mrs. C. W. Hooper and brother Harrison Hooper.

J. E. Moody attended the Cotton Seed Crushers Association in Houston this week.

An optimist is a man who marries his secretary, thinking he'll be able to keep on dictating to her.

Tom Teague was called to Nocona last Friday by the serious illness of his brother, Dudley T. Teague, who died that afternoon. He was 53 years of age and had been in ill health about a month.

Miss Katherine Drake returned Tuesday from a visit with relatives in Brownwood, Eastland, Cisco and Sedwick.

Miss Nita Tidwell left Saturday for Grand Prairie to join her mother, Mrs. Mitt Tidwell, who recently moved from Hamlin to Grand Prairie to make her home.

C. L. Dillard, of Mr. and Mrs. Ross Dillard, is here from Camp Roberts, California, spending an 18 day furlough with his parents and other relatives.

Perhaps no entertainment is so cheap as reading, nor any pleasure so lasting.

A pedestrian has been described as a man with a wife, two sons and a daughter, and one car.

YOUR CAR How to Get the MOST out of It

TIPS ON DRIVING

Have you signed up with a new set of driving habits for the duration? Like defense bonds they pay interest, but it is interest many times compounded. You may only be thinking of saving tires, but more careful operation of your car also means less gas and oil used, less wear on mechanical parts, less likelihood of accidents, injuries and replacement of hard-to-get parts. Here are some suggestions that other experienced drivers have found effective:

Depress the clutch pedal while starting the engine. Then the battery isn't given the extra job of turning the transmission gears.

Don't race the motor during the warm-up period. By taking it easy at first you save gas and give the oil a chance to get to work.

Use the hand choke (if you have one) sparingly. Improper use wastes gas and may cause serious dilution of oil in the crankcase.

Shift gears at the lowest practical speed. Low gear is needed principally to overcome starting inertia. Shift to high between 15 and 25 miles an hour. Remember: you pay for a jack-rabbit start in tire and clutch wear and extra gas used—and the fellow you outdistance usually pulls up beside you at the next traffic light.

Note: This is the second in a series of articles based on the book, *Automobile User's Guide*, published by the Customer Research staff of General Motors. Next article: *More About Driving*.

Mr. and Mrs. Claude Owens of Petersburg, were visiting in the home of their parents, Mr. and Mrs. Geo. Nicholson. Mrs. Owens was before her marriage Miss Lucile Nicholson.

Notice the date after your name.

Mr. and Mrs. R. D. Moore, accompanied by Mr. and Mrs. Ray Willingham, of Rule, left Monday, for Pensacola, Florida, to visit Ray Willingham Jr., who is in the naval air station.

Tell The Herald your news.

... after 10 years of something for nothing!

JIMMIE, too young to know about the newfangled theories of the last decade. The country is paying in blood for the sweat and toil it failed to expend in honest work during a period when political boondoggling and perpetual e-motion substituted for labor to make our nation strong and virile.

The awakening is painful.

Today we are straining every ounce of energy in the wartime effort while proving the old theories wrong... working night and day to get something for anything! Today we know that PRODUCTION, not reduction, makes a people strong, a nation free.

We are paying dearly for producing too little, too late!

We will win, of course.

No other country can compare with America's potential war production. No other has the men, the machines—or the electric power.

America's electric companies, under trained and experienced business men, are supplying power for the vast wartime industries where it's needed when it's needed... a supply that is greater than the combined total of all the enemy nations.

While most everything else has gone up, electric rates remain the lowest in history.

In fact, like Jimmie, you are getting a double-decker... double for your money. The average price of electric service today is about half of what it was just 15 years ago.

It's true, maybe, that your bill hasn't been cut in half.

The answer is, of course, that you use more and better lights, more new and useful appliances. But right now for two nickels a day a majority of West Texas homes operate lights, radio, cleaner, toaster, washer and refrigerator.

No, you don't get "something for nothing." But the electric nickel buys just about the world's biggest double-decker!

West Texas Utilities Company

INVEST IN AMERICA! Buy War Bonds and Stamps!

The Healthful Home

By Mrs. Hubert Morton

(This is one of three articles on the "Healthful Home")

Home is the place where all the battles will be won, where freedom will be born anew in travail and selfishness will die in a lonely bed, where courage will be pieced together out of old materials and sacrifice will come not as a stranger but as an honored guest whose worth is recognized. Home is the place where every American must understand the importance of husbanding energy, building health and strength—strength of body, mind, and spirit against whatever lies in wait. The healthful home will be welded into a co-operative entity—a working entity.

A fine house containing all modern improvements may be pleasing to the eye, but it must be remembered that a house with all the modern improvements in the world will not spell "home" in the true sense of the word unless the pilot that guides the machinery of that house is a homemaker of the best kind, and sees to it that in all her efforts practical experience and true efficiency abound.

The healthful home must have wholesome family relationships. This may be maintained by sharing responsibilities with the children and giving them a sense of importance. Too, privacy should be provided for each member of the family—a place where one may be alone and feel that one's personal possessions are safe. Perhaps each child should take care of his room or be given some specific jobs in the home. This makes for sane and responsible character development.

Certainly your home should be

clean and orderly kept but not to the extent that the family will feel cramped. Don't nag father if he drops ashes on your best rug or quarrel at the children if by accident your new table cloth is soiled. Let your home be a place where the family can relax and be themselves. Let your home be liveable and open it to the friends of your children.

Live closer to the outdoors by "opening up" windows and doors. Light and sunshine are essential to good health. Give your rooms sunshine every sunny day of the year. Above all, don't close out fresh air when you retire. More colds are developed in closed rooms than open ones.

Serve your family healthful meals of green vegetables, fruits and milk. The smart homemaker will study in order to know how to plan well-balanced meals for her family.

The healthful home will be free from pests, as flies and cockroaches. These pests carry filth or disease germs from manure piles, garbage cans or privy vaults to milk, baby's bottle, food and you. Let's keep our yards and alleys clean to guard against diseases.

Once more we should make our homes recreational centers for ourselves and our children. Organize our homes so that they will offer all of us, parents and youngsters alike, more fun than we can find anywhere else.

The healthful home is worth working for. The sooner we provide this kind of home for ourselves and our children, the brighter will be America's outlook.

High School Graduates For Pilot Training

The Navy Department has recently revised the age and educational requirements for Naval Aviation Cadets, Class V-5, to include high school graduates who are physically fit, single, and 18 to 27 years of age. C. L. Wylie, Abilene Navy Recruiting Officer, announced.

Successful applicants will receive their primary flight training at Grand Prairie and advanced training at Corpus Christi. Those who complete the primary and advanced training are commissioned Ensigns in the Naval Reserve and receive \$245.00 per month, including flight pay.

Wylie advises interested applicants to secure a transcript of their high school work, three letters of recommendation, their birth certificate, a note from either parent, consenting to their enlistment, if they are under 21 years of age, and apply at the Navy Recruiting Station, located in the basement of the Post Office Building, Abilene.

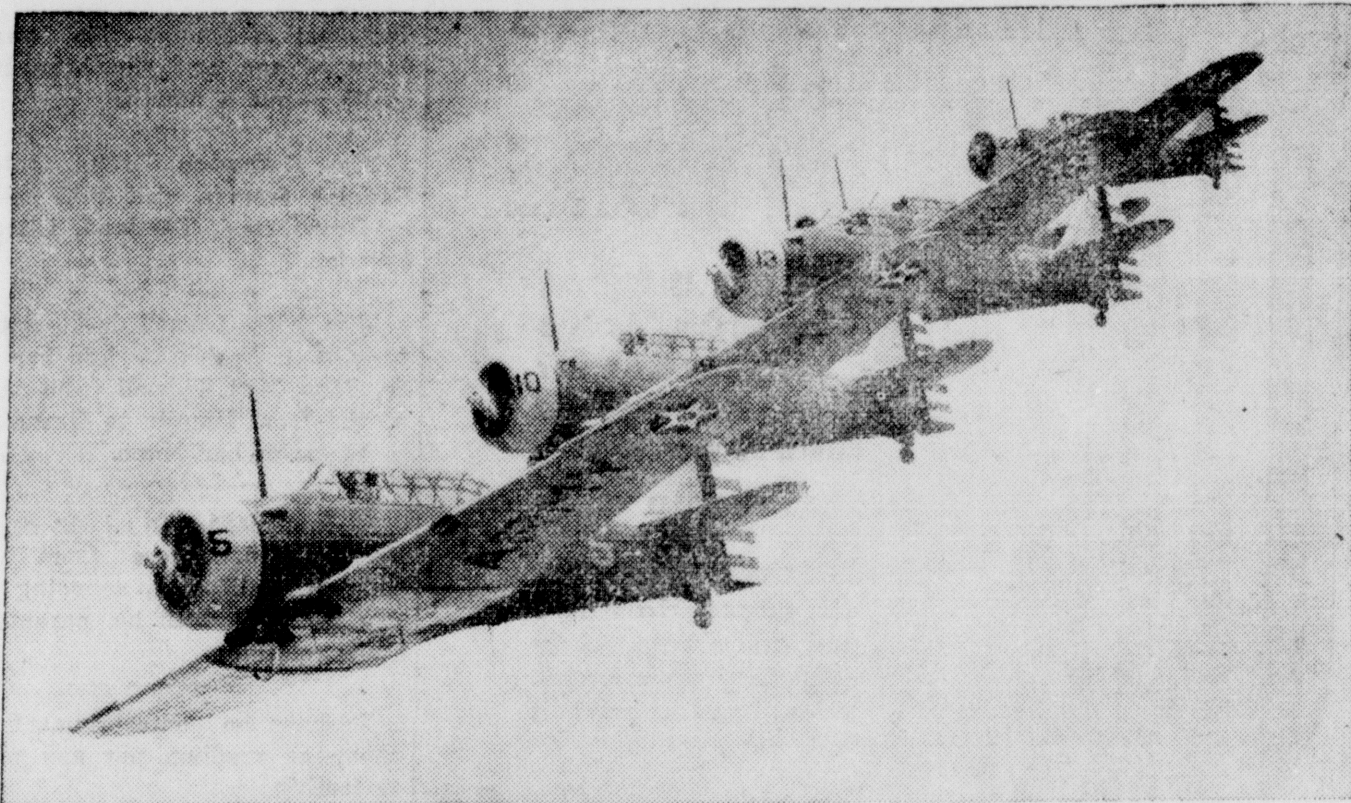

In planning the future, the young man of today finds many opportunities awaiting him. Wylie points out that the bright future of aviation is assured; there is a need for pilots, technicians, engineers and specialists in the aviation industry. The United States Navy offers the finest aviation training in preparation for such careers.

For those not interested in pilot training, Wylie advises that they investigate the opportunities offered in Class V-2, for training as aviation machinists, metalsmiths, radio and ordnancemen. Naval Aviation has a place for you.

W. F. Johnson, the pioneer truck transportation man was operated upon last week in the Stamford Sanitarium. His left eye ball was removed. He stood the operation fine and although it was done on Thursday he was back at home by Saturday. He is up in the 60's, but we bet a dime he will be on the golf course this week end.

The Herald is worth more than \$1

"The Stairway to Victory"

Precisioned Pursuiters-To-Be

Wheels tucked up, props in high pitch, Cadet-piloted Advanced single-motored training planes form "a stairway to the stars" at 200 miles per hour! Lead-spitting interceptors will be the next plane these Kelly Field, Texas Cadets will step into after winning their wings April 29th.

HDQS., Gulf Coast Training Center, April 29)—From six hive-busy advanced pilot training schools—two more than were in production last graduation day five weeks ago—the largest class of flying fighters ever graduated from a U. S. training center today swarmed forth to combat units and instructing tasks.

Officers at Training Center head-

quarters, Randolph Field, looked at the roster of Class 42-D, which included 46 men from Texas and with typical Army reticence smiled broadly: "Encouraging." Even before Pearl Harbor the goal was 30,000 pilots a year. (Two of these 46 men from Texas, was Staff Sgt. William H. Pickron of McCaulley and Earl Singleton of Stamford).

Equipped with the newest pairs of silver "wings" in America, this record-breaking class of flying officers and staff-sergeants includes men from obscure villages and big cities of Texas and America. From them went a silver stream of miniature wings to mothers and girl

friends named honorary members of Class 42-D. This custom, first begun at Kelly Field, with this class had spread to all advanced schools.

A boon to the nation's bombardment squadrons was the output of multi-engine pilot schools at Ellington Field, near Houston, and at Lubbock, Texas. These pilots made each training flight with the thought: "This is a bombing mission."

Snug cockpits in the Air Forces' super-fast, lead-spitting pursuit planes were the prospects for graduates from single-engine pilot schools at Kelly Field, Brooks Field, both near San Antonio Foster Field Victoria; Moore Field, Mission.

METHODIST CHURCH

JAMES E. HARRELL, Pastor

In the absence of the pastor this Sunday morning and evening services will be conducted by Dr. Turner, president of McMurry College of Abilene. He will bring good messages at both services, and we earnestly urge you to attend.

Also at the evening hour in addition to Dr. Turner's sermon, the Schubert Music Club will render a short program of sacred numbers.

Monday at 2:00 P. M. in Albany, the District Conference will be held.

Please remember our regular program:

Sunday School, 10 A. M.
Morning worship service, 11 A. M.
Juniors, Intermediates and Young People meet at 7:30 P. M.
Evening service at 8:30.

The Woman's Society of Christian Service meets Monday afternoon at 3 o'clock to continue the Mission Study, "Roots of Christian Democracy in America."

Mid-week prayer service Wednesday evening at 8:15.

Choir practice Wednesday night after prayer service.

Mr. and Mrs. D. D. Baggett and little daughter, Dianne of Slaton, were down to visit their parents, Mr. and Mrs. D. W. Carlton. Little Miss Dianne is the only granddaughter of Mr. and Mrs. Carlton. She is two months old.

Mrs. J. W. Wendel had as guests last week her sister, Mrs. W. E. Harris of Abilene, and a niece, Mrs. Ross Smart of Lampassas.

Missionary From India To Conduct Revival

On Tuesday evening of May 17, we will begin a revival meeting in the Assembly of God church, with a former missionary, Mrs. Ted Vassar doing the preaching. Don't fail to come and hear this woman, who spent several years as a missionary in India. She comes highly recommended as a spirit-filled woman who will bring a message to all that help each one live a better life. Hamlin is fortunate to have her.

At different times during the meeting, Mrs. Vassar will appear in the costume of the native of India. Don't fail to see her. We welcome you to all of our services.

W. A. McMillan, Pastor

WOMEN!

Modern facts

61 years of use

Speak for

CARDUI

Tell The Herald your news.

Sure, every acre's raising more . . . Now what's upping the mileage from this oil?

How does prize wheat or corn at the county fair get that way? Sure, man-made soil improvers—modern synthetics—were added to improve on nature.

AND MODERN SYNTHETICS in Conoco Nth motor oil make it yield mileage that outscored all other brands tested in the sensational Death Valley Certified Competition. Five big-name quality brands got every fair chance against Conoco Nth oil. All were run till engines failed and none came closer than 58% of the mileage totaled by Conoco Nth! . . . the oil you can have for your needed Spring oil change that's now overdue . . . the oil whose best known man-made extra substance—at no extra premium—gives your engine OIL-PLATING.

OIL-PLATING backs up the familiar fluid type of oil film with a surfacing of lubricant close-bonded to inner engine parts. Every cylinder wall, for instance, becomes a wall of OIL-PLATING that doesn't all drain dry during all the time you use Conoco Nth. Even after all-day parking, the OIL-PLATING is still up to the topmost piston rings, ready to lubricate before any oil can circulate. That's one plain way of foiling excess

wear, and keeping up mileage with your engine OIL-PLATED.

But Conoco Nth oil also includes Thialkene inhibitor . . . another synthetic . . . invented to inhibit or restrain the dangerous "jelling" of oil under excess strain. Engine heat and pressure can even gum up oil into something like fly-paper coating—only dirtier, and not much better for mileage. Against this threat, Thialkene inhibitor was created for Conoco Nth (U. S. Pat. 2,218,132). And Conoco Nth out-mileaged the others in the Death Valley Test—from 74% all the way up to 181%. You can get real optimistic about your own mileage. Conoco Nth will come through for you. Change at Your Mileage Merchant's Conoco station. Continental Oil Company

Founder's Day 11th Anniversary Beta Sigma Phi Sorority Observed

Miss Elsie Wienke, president of the Beta Theta Chapter, was hostess at her home on Fifth Street, on Thursday evening, April 30.

The chapter opened this international observance with the pledge ritual reading by Miss Wienke, for the new pledge, Mrs. J. Melvin Grigg.

The lace-covered ceremony table was centered with yellow roses in a black bowl and lighted with black tapers.

After a three course dinner the following program was given:

The National Anthem.

The Opening Ritual.

Welcome to the Pledge, Velta Toler.

Our 11th Anniversary, Edwina Gilbert.

A Toast to Victory, Ruby Poe.

A Toast to Our Army and Navy, Frieda Sparks.

A Toast to Our Air Force and Heroes, Loucille Willis.

A Toast to Beta Sigma Phi, Arlene Morgan.

Message from Mr. Ross, Elsie Wienke.

Our Pledge to Loyalty, Avaleen Murphree.

Closing Ritual.

The following members were present: Mrs. Winnie Day, Mrs. Velta Toler, Mrs. Frieda Sparks, Mrs. Arlene Morgan, Mrs. Ruby Poe, Mrs. Gerry Grigg, and Misses Avaleen Murphree, Loucille Willis, Edwina Gilbert and Elsie Wienke.

—Reporter

Mrs. Pat Marlowe Hostess to Club

Mrs. Pat Marlowe was hostess to the Optimisses Club and a few guests in her home, Friday, April 24th.

A short business session followed the refreshment hour when plans were made for a picnic, May 8th.

Members present were Mmes. F. E. Barnes, Tom Vaughan, Dub Burgess, W. H. Dean, G. P. Odom, O. G. Harvey, M. O. Kimmey and C. B. McGough.

Guests were Mmes. Ross Fomby, John Walton and L. C. Bond.

Mrs. Tate May Hostess For Buffet Supper

Mrs. Tate May entertained members of the Baylor Dramatic Touring Company in her home on Jackson Avenue, Monday evening, with a buffet supper.

Pink roses were attractively arranged on the dining table from which the supper was served, and the same lovely blossoms also centered the foursome tables.

Following the supper the troupe presented the play, Macbeth at the High school auditorium. The house was well filled and the audience was very appreciative and responsive for this type of play. Both the troupe, and The Woman's Literary Club which sponsored the play, are pleased with the reception given this production.

Miss Myrtle Lee Cohorn Married to Ralph Anderson

Of interest to a wide circle of friends in Hamlin and West Texas is the announcement of the wedding of Miss Myrtle Lee Cohorn and Ralph Anderson. The marriage was solemnized Saturday evening, May 2, at 6:00 o'clock at San Antonio, Texas. Judge Batt Corrigan read the ring ceremony. Mr. and Mrs. Anderson were attended by Mr. and Mrs. John Ed Day of Hamlin.

The bride is the daughter of Mr. A. J. Cohorn of Lamesa. She is now head surgical supervisor of Mercy Hospital at Council Bluffs, Iowa, but was for a number of years in Hamlin serving with the late Dr. Turner Bynum. She is a graduate of the Stamford Nurses' Training School and did her post-graduate work in surgery at Dallas.

Mr. Anderson, son of Mr. and Mrs. H. C. Anderson of Abilene, is stationed in the ground force at Kelly Field, San Antonio, and was formerly with the West Texas Utility Co., in Hamlin and Abilene.

The bride was dressed in a modish powder blue ensemble with black accessories. She wore a shoulder corsage made of gardenias surrounded with sweetheart roses.

Other guests of the wedding were Mrs. J. A. Cohorn, the bride's step-mother, Mr. Vivian Cohorn, bride's brother, of Lamesa; Mr. Forrest Greenway, Kelly Field, and Miss Adele Dixon, of Hamlin.

Following the wedding ceremony, Mr. and Mrs. John Ed Day entertained the wedding party with a dinner in the dining room of the Gunter Hotel.

The couple are on a short wedding trip to Corpus Christi and other Texas points until Mr. Anderson has to report to duty.

Miss Ethelan Harris Becomes Bride Of Dallas Man

Mr. and Mrs. R. L. Harris are announcing the marriage of their daughter, Ethelan, to Mr. Paul Witt Wellbaum, son of Mrs. J. S. Wellbaum, long-time resident of Dallas.

The marriage took place in Dallas, Tuesday, April 28, in the presence of the groom's mother and other relatives and close friends. The bride was wearing a dusty pink silk jersey dress with brown accessories.

The bride, whose parents are pioneer citizens of Jones County, was reared in Hamlin and at present is with the Southwestern Bell Telephone Company in Dallas.

Mr. Wellbaum is a musician and radio artist, at present connected with Interstate Theatres Entertainment units of Dallas.

Mr. and Mrs. Wellbaum are making their home in Dallas.

Frank Johnson and little daughter Shirley of Fort Worth came up last Saturday for this week with his parents, Mr. and Mrs. W. F. Johnson. Frank has been in the Electrical Department in the construction of the big Consolidated Aircraft plant near Fort Worth.

Woman's Literary Club Closes Successful Year

The Woman's Literary Club closed a very interesting and successful year's study and work, Friday morning, when the annual spring breakfast was held in the F. and M. Bank cottage at the City Lake.

The program included an interesting review of Macbeth by Mrs. R. H. Campbell. Following a short business session, Mrs. Tate May, the outgoing president, conducted an impressive installation ceremony, and gave a brief resume of the club's work during the past year. She expressed her hope that the organization of a Junior Literary Club could be effected during the coming session. Mrs. May presented the incoming president, Mrs. G. R. Bennett, who stressed the Club woman's responsibility to uphold the spiritual, moral and cultural welfare, of the people of our country by continuing club work during war times.

Mrs. Bennett announced the following committees to serve during the coming year:

Year Book: Mmes. C. E. Ball, John O. Lewis, Tate May and John D. Ferguson.

Membership: Mmes. Tom Teague, Bowen Pope and Art Carmichael.

Education: Mmes. Hubert Morton, Landon Davis and A. Spencer.

Method and Finance: Mmes. Travis Dean, Webb Jenkins, and Miss Allie Whiteley.

Public Welfare: Mmes. W. A. Albritton, Arlie Cassle, and H. O. Cassle.

Music: Mmes. Henry Albritton, H. E. East and Miss Opal Cory.

Art: Mmes. Wallace Walton, S. E. Brooks and W. J. Poe.

Building Fund: Mmes. R. D. Moore, John Walton and E. J. Whaley.

War Service: Mmes. John O. Lewis, W. R. Calhoun and D. W. Stell.

Federation Counsellor: Mrs. R. H. Campbell.

Committees in charge of the breakfast were: Mmes. John D. Ferguson, John Walton, W. R. Calhoun, and Miss Whiteley.

Arrangement: Mmes. Wallace Walton, Travis Dean, W. J. Poe and A. Spencer.

Hamlin Soldier Married In Manchester, N. H.

Sgt. William P. Wells, son of Mr. and Mrs. Garry Wells of Hamlin, and Miss Yvette Desrochers, daughter of Mr. and Mrs. Joseph Desrochers of Manchester, N. H., were married Saturday morning in the chapel at Grenier Field in that city by Chaplain Lionel E. Beaudet. Attending the couple were Sgt. Jas. Carter of Pawtucket, R. I., and Robert Lamontagne of Manchester.

The bride wore net with lace trimming and a veil of the same material. She carried a bouquet of Calla lilies.

Sergeant Wells attended Hamlin High school and served three years in the CCC before enlisting in the Air Corps in San Antonio in December, 1940.

Senior Class Presented Their Annual Play

Skidding, a comedy in three acts, was the play offered Friday evening, May 1, by the senior class of the Hamlin High school. Each character was well chosen and deserved special credit for the way the play was presented.

The cast included Virginia Hampton, Bill Harbert, Mary Nell Bell, Milton Fletcher, Selma Hassen, Betty Abbott, Joseph Miles, Virginia Brown, Don Coles and Ralph Dean.

Specialty features were given by Harold Fletcher, Patricia Rector, Gamile Hassen, Bobbie Wilson, Betty York and Lanelle Andress.

Plasterco Defense Club Meets

The Defense Club of Plasterco met Thursday night with a good attendance. J. T. Smith, president, was in charge of the meeting.

Talks were made by various ones, about the necessity to buy bonds and stamps.

There are 179 men working at the mill (T. P. C. C.) 62 of the number have taken out bonds from the mill. Others have taken out bonds at different places.

Mr. Calhoun reports for the Mill 108,090 pounds of scrap iron sold. The Boy Scouts and Mr. Dill have sold 10,200 pounds of scrap iron.

The women have knit twelve sweaters, size six, and made twenty-five hospital garments.

—Reporter

Young Women's Auxiliary Honors Their Mothers

The Young Women's Auxiliary of the First Baptist church entertained with a buffet supper, Tuesday evening, honoring their mothers.

The church banquet room was beautifully decorated with roses, larkspur and Queen Anne's Lace.

Miss Elsie Mitchner, the president, acted as toastmistress and introduced the following program:

Song—Miss La Nell Andress.

Reading—Miss Betty Lou York.
Duet—Mrs. W. C. Russell and Mrs. Jack Russell.

Vocal Solo—Mrs. W. C. Russell.

Sing Song—By Assembly.

Out-of-town guests were Mrs. C. B. Allbritton of Waco, and Miss Grace Holder of Los Angeles, California.

Miss Valeta Crow has taken a position with the Wienke Beauty Salon, following her completion of a Beautician course in Fort Worth last week.

Notice the date after your name.

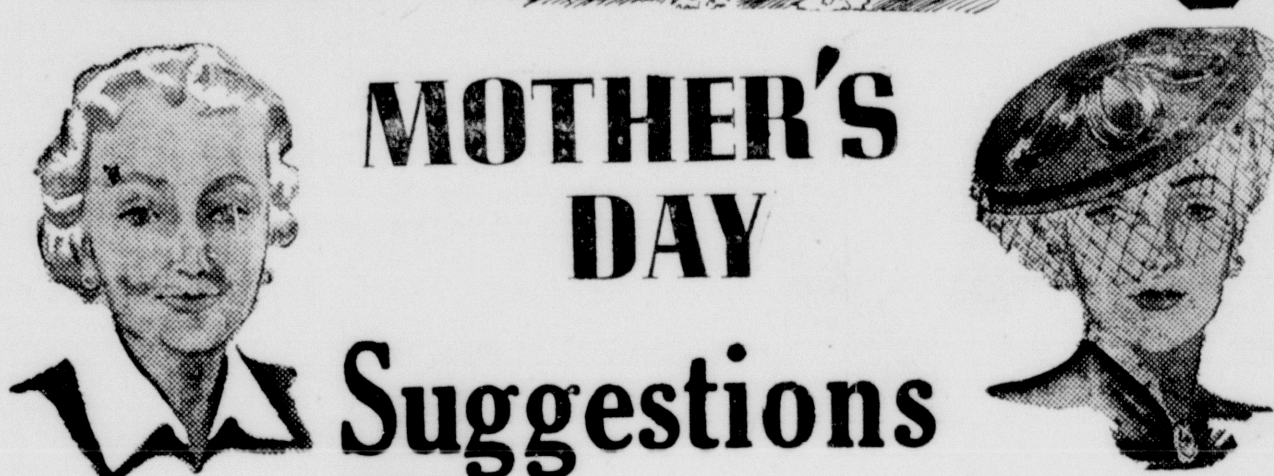

Card of Thanks

We wish to take this means to thank each and every person who has so graciously and generously helped and encouraged us during the time of the illness of Mrs. Clarence Hill.

We especially want to thank the Ladies Club for their work and interest. And too, W. J. Vance and H. F. Haught for taking care of the fields.

Sincerely yours,
Mr. and Mrs. Clarence Hill

POT SHOTS FROM McCAULLEY

BY GEO. DARDEN

Mrs. Clyde Hodnett, Mrs. Jack Hodnett and Wayne Hodnett visited in the home of Mr. and Mrs. S. E. Miers last Friday. Wayne was home on leave from Ft. Bliss where he is stationed in the Field Artillery.

Mrs. C. P. Yates has returned to Dallas for an indefinite stay with Mother Yates who has been ill for several months.

Mr. and Mrs. S. A. Johnson are spending their vacation in the home of their daughter, Mrs. Melvin Henderson and husband. The Johnsons, formerly of McCaulley, are now living at Miles, Texas.

Mr. and Mrs. George Maberry spent last week end in Hermleigh visiting in the home of relatives.

There will be a special Mother's Day program at the Methodist church next Sunday. You are cordially invited.

Last week we wrote, that the well on the Bridges farm was a duster, but as before we were all wrong. The well was acidized and it is now believed that it will be one of the best producers in this community.

The George Dardens spent last week end in the home of parents, Mr. and Mrs. M. A. Darden in Girard.

A special Mother's Day program was given at the Baptist church last Sunday night and a large crowd was on hand to enjoy the occasion. A large crowd gathered at the

school house Monday to get their tiring.

The brotherhood of the Baptist church will meet at the church on Saturday to clean up the church grounds which are badly in need of a weed killing campaign. All that can't attend, please send fifty cents. Jack Johnson is chairman of the clean up campaign.

Billie Pickron and Bob Stellman of Kelly Field were week end visitors in the home of Mr. and Mrs. Bill Pickron. Both boys are Staff Sergeant pilots and were going to Phoenix, Arizona, for further training.

About the only embarrassing thing about the sugar ration registering business, was that the women were a little backward about telling their age as well as their weight, and those interested in reducing should try raw cabbage as there may be a lot more papers to sugar rationing cards. Teachers and pupils were in charge of the registration where by you will again have to state age and weight. We know of one man that like to have gotten a whipping after telling his wife's weight. (We learned better years ago).

Rev. and Mrs. C. E. Dick spent Monday in Abilene. The board of deacons of the Baptist church have announced that Rev. Dick will be sent from this church to the State convention.

J. B. Jayroe writes from New York that he really looks forward to the Pot Shots each week. And say folks, there are a lot of soldier boys who would be glad to get the Herald. Loosen up, spend a dollar and make the boys happy.

Don't write blue letters to the soldiers. We have talked to many and all say, "We want cheerful letters." In fact, a blue letter from home doesn't help the boy, even though it gets something off your chest. We heard a man say that one boy wrote a letter to his mother saying: "Don't worry about me; worry about them Japs."

As the old negro said: "If the Lord is willin', and I don't kick the bucket—" we will be with you next week.

We do not have the words to pay due tribute to the Mothers of our country. Yet, we wish to express our appreciation for the Mothers of America and as Sunday, May 10, has been designated as Mother's Day, we the sons and daughters of Mothers every where, will be thinking of Mother who gave us life.

Down through the ages, man has been in the headlines and as a rule man has gotten more than his share of honor and glory, but when it is all summed up, it is the mother that is due the honor.

What we might write or say, would indeed be small in paying our respects to you Mothers, but we do know that the morale of our country depends largely on the teachings of a good mother.

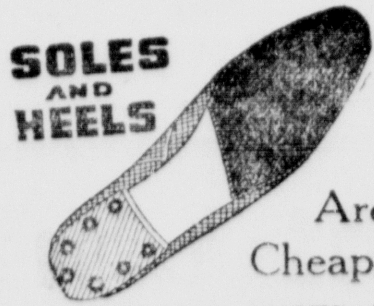

We men folks, most of whom are neither saints nor angels, but after all is said and done, deep down in our hearts there is the most tender feeling for the mothers who gave us life.

You Mothers that have sons in the armed forces of our country, we especially salute you to day and we hope to merit the good will of every mother by some word, act or kindness that will make the road just a little brighter for you, and our sincere wish is that your sons will have a safe return to their homes and a victory which you so justly deserve. Mother, you have made a trail of happiness

Along life's pathway, dear A sunny trail that's brightened With your thoughtfulness and cheer, And so this special greeting, brings our love to you today And we wish for you the same true joy you gave along the way.

A DARDEN-O-GRAM

Miss Clonelle Harris of the Southwestern Bell Telephone Company in Dallas, is spending her vacation in the home of her parents, Mr. and Mrs. R. L. Harris.

ROUND TOP NEWS

By Raye Shelley

Monday was a very busy day around here. Every body was busy with their sugar ration registering.

Mr. and Mrs. Dave Scott had as their guests Sunday Mrs. Odell Garrett, Helen and Vennis Parker; Mr. and Mrs. Orval Pack; Mr. and Mrs. Buck Scott and Terry Ronald; Mr. and Mrs. Oscar Scott and A. J. Scott and son of Wichita Falls.

The ladies of this community enjoyed a quilting in the home of Mrs. Johnny Carlton Tuesday of last week. Each woman carried a covered dish and lunch was served buffet style.

Miss Patsy Jim Berry of McCaulley spent the week end with Joan Shelley.

Helen Parker spent Monday with Faye Brown.

Technician Willie Doyle Berry, who is stationed at the William Beaumont General Hospital in Fort Bliss, spent Thursday of last week with relatives here. He had accompanied his captain and an injured soldier to Monahans, Texas.

H. C. Gary, who has been attending a welding school in Big Spring, was home this week end.

Mrs. John Shelley and James Shelley spent a part of last week with relatives at McCaulley.

Mr. and Mrs. Andrew Bates, Mrs. Frank Allen, Don J. and Annetta Allen visited relatives at Snyder last week end.

After May 15 the government will "freeze" all wire fencing—better hurry—I got a good stock. PAUL BRYAN LUMBER CO.

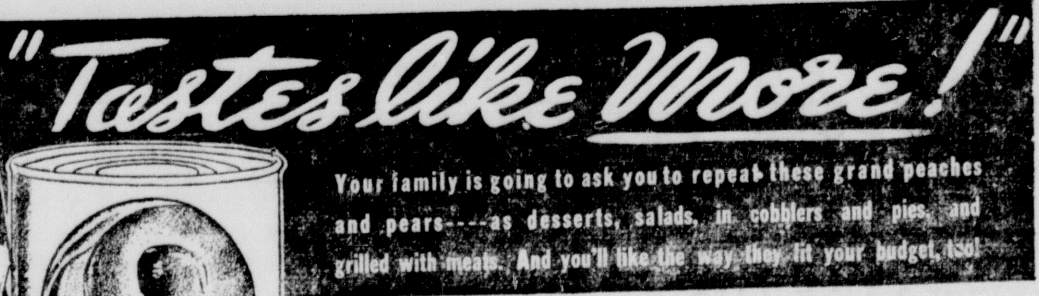

Milton (Mutt) Nicholson of Odessa was over Sunday to visit his parents, Mr. and Mrs. Geo. A. Nicholson. Mutt is in a big grocery business in Odessa.
